“GAIP” GRADUATE APPOINTEE INSURANCE PROGRAM

LifeWise
Assurance Company

INTRODUCTION

Welcome

Thank you for choosing LifeWise Assurance Company (LifeWise) for your healthcare coverage.

This benefit booklet tells you about your plan benefits and how to make the most of them. Please read this benefit booklet to find out how your healthcare plan works.

Some words have special meanings under this plan. See ***Definitions*** at the end of this booklet.

In this booklet, the words “we,” “us,” and “our” mean LifeWise. The words “you” and “your” mean any member enrolled in the plan. The word “plan” means your healthcare plan with us.

Please contact customer service if you have any questions about this plan. We are happy to answer your questions and hear any of your comments.

On our website at students.lifewiseac.com/uw/gaip you can also:

- Learn more about your plan
- Find a healthcare provider near you
- Look for information about many health topics

We look forward to serving you. Thank you again for choosing LifeWise.

This benefit booklet is for members enrolled in this plan. This benefit booklet describes the benefits and other terms of this plan. It replaces any other benefit booklet you may have received.

We know that healthcare plans can be hard to understand and use. We hope this benefit booklet helps you understand how to get the most from your benefits.

The benefits and provisions described in this plan are subject to the terms of the master contract (contract) issued to the University of Washington.

Medical and payment policies we use in administration of this plan are available at students.lifewiseac.com/uw/gaip.

If any provision of this Plan is superseded by state or federal law, the Plan will comply with the applicable law as it relates to those provisions.

Translation Services

If you need an interpreter to help with verbal translation services, please call us. Customer service will be able to guide you through the service. The phone number is shown on the back cover of your booklet.

Discrimination is against the law. LifeWise Assurance Company (LifeWise) complies with applicable Federal and Washington state civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex, including sex characteristics, intersex traits, pregnancy or related conditions, sexual orientation, gender identity, and sex stereotypes. LifeWise does not exclude people or treat them less favorably because of race, color, national origin, age, disability, sex, sexual orientation, or gender identity. LifeWise provides people with disabilities reasonable modifications and free appropriate auxiliary aids and services to communicate effectively with us, such as qualified sign language interpreters and written information in other formats (large print, audio, accessible electronic formats, other formats). LifeWise provides free language assistance services to people whose primary language is not English, which may include qualified interpreters and information written in other languages. If you need reasonable modifications, appropriate auxiliary aids and services, or language assistance services, contact our Civil Rights Coordinator. If you believe that LifeWise has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, sex, sexual orientation, or gender identity, you can file a grievance with: Civil Rights Coordinator — Complaints and Appeals, PO Box 91102, Seattle, WA 98111, Toll free: 855-332-6396, TTY: 711, Fax: 425-918-5592, Email AppealsDepartmentInquiries@LifeWiseHealth.com. You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, our Civil Rights Coordinator is available to help you. You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights, electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or phone at: U.S. Department of Health and Human Services, 200 Independence Ave SW, Room 509F, HHH Building, Washington, D.C. 20201, 1-800-368-1019, 800-537-7697 (TDD). Complaint forms are available at http://www.hhs.gov/ocr/office/file/index.html. You can also file a civil rights complaint with the Washington State Office of the Insurance Commissioner, electronically through the Office of the Insurance Commissioner Complaint Portal available at https://www.insurance.wa.gov/file-complaint-or-check-your-complaint-status, or by phone at 800-562-6900, 360-586-0241 (TDD). Complaint forms are available at https://fortress.wa.gov/oic/onlineservices/cc/pub/complaintinformation.aspx.

LifeWise Assurance Company

HOW TO USE THIS BENEFIT BOOKLET

We realize that using a health care plan can seem complicated, so we've prepared this contract to help you understand how to get the most out of your benefits.

Please contact customer service if you have any questions about this plan. We are happy to answer your questions and hear any of your comments.

On our website at students.lifewiseac.com/uw/gaip you can also:

- Learn more about your plan
- Find a healthcare provider near you
- Look for information about many health topics

Every section in this benefit booklet has important information. You may find that the sections below are especially useful.

- **How to Contact Us** – Our website, phone numbers, mailing addresses and other contact information are on the back cover.
- **Summary of Your Costs** – Lists your costs for covered services.
- **Important Plan Information** – Describes deductibles, copays, coinsurance, coinsurance maximums, out-of-pocket maximums and allowed amounts
- **How Providers Affect Your Costs** – How using an in-network provider affects your benefits and lowers your out-of-pocket costs
- **Prior Authorization** – Describes our prior authorization provision
- **Clinical Review** – Describes our clinical review provision
- **Case Management** – Describes our case management provision
- **Continuity of Care** – Describes how to continue care at the in-network level of benefits when a provider is no longer in the network
- **Covered Services** –A detailed description of what is covered
- **Exclusions and Limitations**– Describes services that are not covered
- **Other Coverage** – Describes how benefits are paid when you have other coverage or what you must do when a third party is responsible for an injury or illness
- **How Do I File A Claim** –Instructions on how to send in a claim
- **Complaints and Appeals** – What to do if you want to file a complaint or submit an appeal
- **Eligibility and Enrollment** – Describes who can be covered.
- **When Coverage Ends** – Describes when coverage ends
- **COBRA** – Describes how you can continue coverage after your group plan ends
- **Other Plan Information** – Lists general information about how this plan is administered and required state and federal notices
- **Definitions** – Meanings of words and terms used

TABLE OF CONTENTS

SUMMARY OF YOUR COSTS

This is a summary of your costs for covered services. Your costs are subject to all of the following.

- The allowed amount. The maximum amount LifeWise pays for a covered service. For some covered services, you have to pay part of the allowed amount. This is called your cost share. The plan's cost shares are explained below.
- The copays. These are set dollar amounts you pay at the time you get services. There is no deductible when you pay a copay, unless shown below.
- The deductible. The total allowed amount you pay in each year before this plan starts to make payments for your covered healthcare costs. This is also shown below. When services are subject to in-network benefit level or cost shares, the in-network deductible applies.

  Note: Any services provided at a Husky Health provider will apply to the first $1,000 covered in full limit; this includes all services, even preventive care services, immunizations, and any other service that is 0% coinsurance, deductible waived.

	Husky Health Providers	In-Network Providers	Out-of-Network Providers
Husky Health Maximum Benefit	First $1,000 per academic student employee per plan year are covered in full (deductible & coinsurance are waived)	Not Applicable	
Individual Deductible	$75 per quarter/ $300 per plan year		

- The coinsurance. The percentage of the covered service that you are responsible to pay when you receive covered services.
- The out-of-pocket maximum. This is the most you pay each plan year for services.

	Husky Health and other In-Network Providers	Out-of-Network Providers
Individual Out-of-Pocket Maximum	$1,200	Unlimited
Family Out-of-Pocket Maximum	$2,400	Unlimited

- Prior authorization. Some services must be authorized in writing before you get them, in order to be eligible for coverage. See ***Prior Authorization*** for details.
- For service provided in a facility or hospital, benefits may also be subject to the deductible and coinsurance for related facility fees billed by the hospital. See ***Hospital*** for these costs.

The conditions, time limits and maximum limits are described in this booklet. Some services have special rules. See ***Covered Services*** for details.

This plan complies with state and federal regulations about diabetes medical treatment coverage. See ***Preventive Care, Prescription Drugs, Home Medical Equipment (HME), Supplies, Devices, Prosthetics and Orthotics,*** and the ***Foot Care*** benefit.

Vision for Adults

The services below do not apply toward the out-of-pocket maximum. Sales tax, shipping and handling costs apply to limits shown below. You can receive services from any licensed vision care provider. The plan does not cover facility fees (if any) charged by some providers (such as hospitals). If facility fees are a standalone fee these charges will not be covered by the plan. For medically necessary contacts and glasses for adults see ***Medical Vision Hardware***. For vision exams and hardware for a child under age 19 see ***Pediatric Vision Services***.

• Deductible	$10 for exam $25 for frames/lenses combined $25 for contacts
• Exam	Plan pays 100% after deductible once every 12 months up to $120
• Frames	Plan pays 100% after deductible once every 24 months up to $70
• Basic Lenses	Plan pays 100% after deductible once every 12 months up to:
• Single Vision	$60 per pair
• Bifocal	$80 per pair
• Trifocal	$100 per pair
• Lenticular	$145 per pair
• Contacts (instead of lenses and frames, lenses not covered for 12 months and frames for 24 months after purchase)	Plan pays 100% after deductible once every 12 months up to $105/pair
• Medically Necessary Contacts and Glasses	Plan pays 100% after deductible once every 12 months

Dental for Adults Maximum of $1,500 per plan year. $25 individual/ $75 family deductible per plan year (deductible shared with Pediatric Dental). Under this plan you have the option of seeking care from any licensed dentist. The services below do not apply toward the overall deductible and out-of-pocket maximum amounts shown above. For dental care for a child under age 19 see ***Pediatric Dental Services***.

• Preventive and Diagnostic Services (includes routine exams, cleanings and x-rays). See ***Dental for Adults*** for more detail.	0% coinsurance, deductible waived
• Minor Services (restorative, oral surgery, periodontics and endodontics such as fillings and extractions)	Deductible, then 20% coinsurance
• Major Services (major restorative and prosthodontics such as crowns and dentures)	Deductible, then 50% coinsurance

Emergency Medical Evacuation and Repatriation of Remains

Services do not apply toward the out-of-pocket maximum shown above.

• Emergency Medical Evacuation ($50,000 per evacuation maximum)	Not available	0% coinsurance, deductible waived
• Repatriation of Remains ($25,000 maximum).	Not available	0% coinsurance, deductible waived

Cellular Immunotherapy and Gene Therapy			
• Office visits	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Inpatient facility fees	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Other professional services	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance

FOR DEPENDENTS			
Note: Not all services are provided at Husky Health.	**YOUR COSTS OF THE ALLOWED AMOUNT**		
	HUSKY HEALTH/ RUBENSTEIN PHARMACY	**IN-NETWORK PROVIDERS**	**OUT-OF-NETWORK PROVIDERS**
Professional Visits and Services (Included virtual care providers) This benefit includes consultations with a pharmacist. You may have additional costs for other services such as x-rays, lab work, therapeutic injections and hospital facility charges. See those covered services for details. See ***Preventive Care*** for preventive services.	After $1,000 Husky Health Maximum Benefit, benefits then:		
• Office visits including virtual care	Deductible, then 0% coinsurance	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Office visit for women's health	Deductible, then 0% coinsurance	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Non-hospital urgent care centers	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• All other office and clinic visits (including non-preventive nutritional therapy and consultations with a pharmacist)	Deductible, then 0% coinsurance	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
See ***Mental Health Care, Behavioral Health, and Substance Use Disorder*** and ***Virtual Care*** for these benefits.			
Preventive Care Benefits for preventive care that meet the federal guidelines are not subject to cost sharing when care is provided by Husky Health or an in-network provider.			
• Exams, screenings and immunizations (including seasonal immunizations in a provider's office) are limited in how often you can get them based on your age and gender	0% coinsurance, deductible waived	0% coinsurance, deductible waived	Deductible, then 40% coinsurance
• Seasonal and travel immunizations (pharmacy, mass immunizer, travel clinic and county health department)	0% coinsurance, deductible waived	0% coinsurance, deductible waived	No cost shares
• Health education, preventive nutritional therapy for diseases such as diabetes, and nicotine dependency treatment	0% coinsurance, deductible waived	0% coinsurance, deductible waived	Deductible, then 40% coinsurance
Contraception Management and Sterilization Contraception and sterilization. Up to a 12-month supply for contraceptive drugs and devices. (See the ***Surgery*** benefit for coverage of vasectomy)	0% coinsurance, deductible waived	0% coinsurance, deductible waived	Deductible, then 40% coinsurance

Diagnostic X-ray, Lab and Imaging			
• Preventive care screening/tests	0% coinsurance, deductible waived	0% coinsurance, deductible waived	Deductible, then 40% coinsurance
• Diagnostic and supplemental breast exams	0% coinsurance, deductible waived	0% coinsurance, deductible waived	Deductible, then 40% coinsurance
• Lab Work	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Basic diagnostic x-ray and imaging	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Major diagnostic x-ray and imaging	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
PEDIATRIC CARE (members under age 19)			
Pediatric Vision Services			
• Routine exams limited to one per plan year	Not available	10% coinsurance, deductible waived	25% coinsurance, deductible waived
• One pair glasses per plan year, frames and lenses	Not available	0% coinsurance, deductible waived	0% coinsurance, deductible waived
• One pair of contacts per plan year in lieu of glasses, or a year supply of disposable contacts.	Not available	0% coinsurance, deductible waived	0% coinsurance, deductible waived
• Contact lenses required for medical reasons	Not available	0% coinsurance, deductible waived	0% coinsurance, deductible waived
• One comprehensive low vision evaluation and four follow up visits in a five plan year period	Not available	0% coinsurance, deductible waived	0% coinsurance, deductible waived
• Low vision devices, high powered spectacles, medical vision hardware, magnifiers and telescopes when medically necessary	Not available	0% coinsurance, deductible waived	0% coinsurance, deductible waived
Pediatric Dental Services Limited to members under age 19. $25 individual/ $75 family deductible per plan year (deductible shared with Dental for Adults).			
• Preventive and Diagnostic Services	Not available	0% coinsurance, deductible waived	0% coinsurance, deductible waived
• Minor Services	Not available	Deductible, then 20% coinsurance	Deductible, then 20% coinsurance
• Major Services	Not available	Deductible, then 50% coinsurance	Deductible, then 50% coinsurance
• Medically Necessary Orthodontia	Not available	Deductible, then 50% coinsurance	Deductible, then 50% coinsurance

Prescription Drugs– Retail Pharmacy Up to a 35-day supply (certain maintenance drugs up to 90-day supply through Rubenstein). The quarterly deductible is waived.	**Rubenstein Pharmacy**	**UMC/UWP and all In-Network Pharmacies**	**Other Pharmacies**
• Preventive drugs	0% coinsurance, deductible waived	0% coinsurance, deductible waived	40% coinsurance, deductible waived
• Formulary generic drugs	$10 copay, deductible waived. Maintenance Drugs $10 copay, deductible waived + shipping & handling	20% coinsurance	
• Formulary brand-name drugs	$25 copay, deductible waived. Maintenance Drugs $40 copay, deductible waived + shipping & handling	20% coinsurance, deductible waived	
• Non-formulary drugs	$35 copay, deductible waived. Maintenance Drugs $80 copay, deductible waived + shipping & handling	40% coinsurance, deductible waived	40% coinsurance, deductible waived
• Oral chemotherapy drugs	0% coinsurance, deductible waived	10% coinsurance, deductible waived	
Surgery			
• Inpatient hospital and professional services	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Outpatient hospital, ambulatory surgical center, including professional services	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Vasectomy (See the ***Contraception Management and Sterilization*** benefit for coverage of sterilization)	No charge	No charge	Deductible, then 40% coinsurance
Emergency Room In and out-of-network emergency room services covered at the same cost shares			
• Facility fees.	Not available	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance
• Professional, diagnostic services, other services and supplies	Not available	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance
Ambulance Services	Not available	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance
Urgent Care Centers	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
Hospital			
• Inpatient Care	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Outpatient Care	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance

Mental Health Care (Includes therapies provided for mental health conditions such as autism)			
• Office visits (including virtual care) and other outpatient services	10% coinsurance, deductible waived	10% coinsurance, deductible waived	20% coinsurance, deductible waived
• Inpatient and residential	Not Available	10% coinsurance, deductible waived	40% coinsurance, deductible waived
Substance Use Disorder			
• Office visits (including virtual care) and other outpatient services	Deductible, then 0% coinsurance	Deductible, then 0% coinsurance	Deductible, then 0% coinsurance
• Inpatient and residential	Not Available	Deductible, then 0% coinsurance	Deductible, then 0% coinsurance
Maternity and Newborn Care Prenatal, postnatal, delivery, inpatient care and termination of pregnancy. See also Diagnostic X-ray, Lab and Imaging. For specialty care see also **Professional Visits and Services**.			
• Inpatient Hospital and professional services	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Birthing center or short-stay facility	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Diagnostic tests during pregnancy	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Outpatient Professional	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Midwife	Not available	Deductible, then 20% coinsurance	Deductible, then 20% coinsurance
• Abortion	Not available	0% coinsurance, deductible waived	Deductible, then 20% coinsurance
At-Home Care **Home Health Care** Limited to 130 visits per plan year	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
Hospice Care			
• Home visits	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Respite care, inpatient or outpatient	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance

Neurodevelopmental (Habilitation) Therapy Neuropsychological testing to diagnose is not subject to any maximum. See ***Mental Health Care*** for therapies provided for mental health conditions such as autism.			
• Inpatient (limited to 30 days per plan year)	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Outpatient. Medical necessity will be reviewed after 12 visits combined in-network and out-of-network.	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
Rehabilitation Therapy See ***Mental Health Care*** for therapies provided for mental health conditions such as autism.			
• Inpatient (limited to 30 days per plan year)	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Outpatient. Medical necessity will be reviewed after 12 visits combined in-network and out-of-network.	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
Skilled Nursing Facility and Care			
• Skilled nursing facility care limited to 90 days per plan year	Not available	$300 copay per admit, deductible then 10% coinsurance	$300 copay per admit, deductible then 40% coinsurance
• Skilled nursing care in the long-term care facility care limited to 90 days per plan year	Not available	$300 copay per admit, deductible then 10% coinsurance	$300 copay per admit, deductible then 40% coinsurance
Home Medical Equipment (HME), Supplies, Devices, Prosthetics and Orthotics Shoe inserts and orthopedic shoes not covered, unless it is diabetes-related. Sales tax, shipping and handling costs apply to any limit if billed and paid separately.	Not available	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance
Acupuncture, Massage Therapy, Naturopathic Visits and Spinal Manipulation	Deductible, then 25% coinsurance	Deductible, then 25% coinsurance	Deductible, then 50% coinsurance
Allergy Testing and Treatment	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
Blood Products and Services	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance

Virtual Care Virtual care select providers • General Medical Services • Mental Health Care • Substance Use Disorders Virtual care select providers can be found at https://students.lifewiseac.com/uw/gaip/find-a-doctor.aspx or contract customer service for assistance See ***Professional Visits and Services, Mental Health Care, and Substance Use Disorder*** for virtual care benefits. The following surgeries are examples of covered services: • Breast/chest affirmation surgery • Genital affirmation surgery • Rhinoplasty or nose implants • Face-lifts • Lip enhancement or reduction • Facial bone reduction or enhancement • Blepharoplasty • Breast augmentation to any size • Liposuction of the waist (body contouring) • Reduction thyroid chondroplasty • Hair removal • Voice modification surgery (laryngoplasty or shortening of the vocal cords) • Skin resurfacing			
Transplants All Approved Transplant Centers covered at in-network benefit level.			
• Office visits	Deductible, then 10% coinsurance	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Inpatient facility fees	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Other professional services	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Travel and lodging (as permitted under current IRS guidelines)	Not available	Deductible, then 0% coinsurance	Deductible, then 0% coinsurance

Vision for Adults

The services below do not apply toward the out-of-pocket maximum. Sales tax, shipping and handling costs apply to limits shown below. You can receive services from any licensed vision care provider. The plan does not cover facility fees (if any) charged by some providers (such as hospitals). If facility fees are a standalone fee these charges will not be covered by the plan. For medically necessary vision hardware for adults see *Medical Vision Hardware*. For vision exams and hardware for a child under age 19 see *Pediatric Vision Services.*

• Deductible	$10 for exam $25 for frames/lenses combined $25 for contacts
• Exam	Plan pays 100% after deductible once every 12 months up to $1200
• Frames	Plan pays 100% after deductible once every 24 months up to $70
• Basic Lenses	Plan pays 100% after deductible once every 12 months up to:
• Single Vision	$60 per pair
• Bifocal	$80 per pair
• Trifocal	$100 per pair
• Lenticular	$145 per pair
• Contacts (instead of lenses and frames, lenses not covered for 12 months and frames for 24 months after purchase)	Plan pays 100% after deductible once every 12 months up to $105/pair
• Medically Necessary Contacts	Plan pays 100% after deductible once every 12 months

Dental for Adults Maximum of $1,500 per plan year. $25 individual/ $75 family deductible per plan year (deductible shared with Pediatric Dental). Under this plan you have the option of seeking care from any licensed dentist. The services below do not apply toward the overall deductible and out-of-pocket maximum amounts shown above. For dental care for a child under age 19 see *Pediatric Dental Services*.

• Preventive and Diagnostic Services (includes routine exams, cleanings and x-rays). See ***Dental for Adults*** for more detail.	0% coinsurance, deductible waived
• Minor Services (restorative, oral surgery, periodontics and endodontics such as fillings and extractions)	Deductible, then 20% coinsurance
• Major Services (major restorative and prosthodontics such as crowns and dentures)	Deductible, then 50% coinsurance

Emergency Medical Evacuation and Repatriation of Remains Services do not apply toward the out-of-pocket maximum shown above.			
• Emergency Medical Evacuation ($50,000 per evacuation maximum)	Not available	0% coinsurance, deductible waived	
• Repatriation of Remains ($25,000 maximum).	Not available	0% coinsurance, deductible waived	
Cellular Immunotherapy and Gene Therapy			
• Office visits	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Inpatient facility fees	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance
• Other professional services	Not available	Deductible, then 10% coinsurance	Deductible, then 40% coinsurance

IMPORTANT PLAN INFORMATION

This plan is a Preferred Provider Plan (PPO). Your plan provides you benefits for covered services from providers within the LifeWise network without referrals. You have access to one of the many providers included in your network of providers for covered services included in your plan. See ***How Providers Affect Your Costs*** for more information. You also have access to facilities, emergency rooms, surgical centers, equipment vendors providing covered services throughout the United States and wherever you may travel. **Important note**: Certain services received from out-of-network providers are not covered under this plan. See ***Summary of Your Costs***.

This plan complies with state and federal regulations about diabetes medical treatment coverage. See the ***Preventive Care, Prescription Drugs, Home Medical Equipment (HME), Supplies, Devices, Prosthetics and Orthotics,*** and the ***Foot Care*** benefit.

PLAN YEAR DEDUCTIBLE

The amount you have to pay before LifeWise starts to pay for covered services for each plan year before this plan provides benefits.

Quarterly/Quarter Deductible

The amount you have to pay before LifeWise starts to pay for covered services for each plan year before this plan provides benefits.

Individual Deductible

This plan includes a combined individual deductible when you see in-network providers and out-of-network providers. After you pay this amount, this plan will begin paying for your covered services. See the ***Summary of Your Costs*** for your individual plan year medical deductible amount as well as your individual quarterly medical deductible amount.

This plan includes a separate dental individual and family deductible. See ***Summary of Your Costs*** for additional information regarding your dental deductible amounts.

The **Plan Year Deductible and Quarterly/Quarter Deductible** is subject to the following:

- There is no carry over provision. Amount credited to your deductible during the current plan year or quarter will not carry forward to the next plan year or quarter deductible
- Amounts credited toward the deductible will not exceed the allowed amount
- Copays are not applied to the deductible
- Amounts credited toward the deductible do not add to benefits with an annual benefit dollar maximum
- Amounts credited toward the deductible accrue to benefits with visit limits

Amounts that don't accrue toward the deductible are:

- Amounts that exceed the allowed amount
- Charges for excluded services

COPAY OR COPAYMENT

A fixed amount you pay for each healthcare visit or service. If the amount billed is less than the copay, you only pay the amount billed. Only one office visit copay per provider per day will apply. If the copay amounts are different, the highest will apply. Copays apply to the out-of-pocket maximum.

COINSURANCE

It's a percentage of the allowed amount that you pay for the service. You start paying coinsurance after you've met your deductible.

VISIT, DAY, OR HOUR LIMITS

Some covered services have a maximum number of visits, days, or hours. After you reach this limit, you pay 100% out-of-pocket, whether or not you've met your deductible.

OUT-OF-POCKET MAXIMUM

The out-of-pocket maximum is the most you pay for covered services each plan year before LifeWise pays 100% of the allowed amount. See ***Summary of Your Costs*** for further detail.

However, if you get out-of-network care, you are still responsible for any charges above the allowed amount, except as prohibited by state or federal law.

Expenses that do not apply toward the out-of-pocket maximum include:

- Charges above the allowed amount
- Services above any benefit maximum limit or durational limit
- Services not covered by this plan
- Covered services that do not apply to the out-of-pocket maximum as stated in ***Summary of Your Costs***

ALLOWED AMOUNT

This plan provides benefits based on the allowed amount for covered services. We reserve the right to determine the amount allowed for any given service or supply. The allowed amount is described below.

In-Network

The allowed amount is the fee that we have negotiated with providers who have signed contracts with us and are in your provider network.

Out-of-Network

For contracted providers the allowed amount is the fee that we have negotiated with providers who have signed contracts with us.

For non-contracted providers and non-emergent care, the allowed amount is the least of the following (unless a different amount is required under applicable law or agreement):

- An amount that is no less than the lowest amount we pay for the same or similar service from a comparable provider that has a contracting agreement with us.
- 125% of the fee schedule determined by the Centers for Medicare and Medicaid Services (Medicare), as implemented by LifeWise.
- The provider's billed charges.

Non-Emergency Services Protected From Balance Billing

For these services, the allowed amount is calculated consistent with the requirements of federal or Washington state law.

Emergency Services

The allowed amount for non-participating providers will be calculated consistent with the requirements of federal or Washington state law.

You do not have to pay amounts over the allowed amount for emergency services delivered by non-participating providers or facilities.

If you have questions about this information, please call us at the number listed on your LifeWise ID card.

Ground or Air Ambulance

Your cost-sharing for non-participating ground or air ambulance services shall be no more than if the services were provided by an in-network provider. The cost sharing amount shall be counted towards the in-network deductible and the in-network out of pocket maximum amount. Cost-sharing shall be based upon the lesser of the qualifying payment amount (as defined under federal or Washington law) or the billed amount.

For the above services, you will pay no more than the plan's in-network cost shares. LifeWise Assurance Co. will work with the non-participating provider to resolve any issues about the amount paid. LifeWise will also send the plan's payments to the provider directly.

Note: Amounts you pay over the allowed amount don't count toward any applicable calendar year deductible, coinsurance, or out-of-pocket maximum.

Dental Services

In-Network Providers

The allowed amount is the fee that we have negotiated with our contracted providers.

Out-of-Network Providers

The allowed amount will be the maximum allowed amount as determined by us in the area where the services were provided, but in no case higher than the 90th percentile (in state) and 95th percentile (out-of-state) of provider fees in that geographic area.

HOW PROVIDERS AFFECT YOUR COSTS

MEDICAL SERVICES

This plan is a Preferred Provider plan (PPO. This means that your plan provides you benefits for covered services from providers of your choice. It also gives you access to the LifeWise provider network and to networks in other states with which we have arranged to provide covered services to you. Hospitals, physicians and other providers in these networks are called "in-network providers."

A list of in-network providers is available in our LifeWise provider directory. These providers are listed by geographical area, specialty and in alphabetical order to help you select a provider that is right for you.

We update this directory regularly, but it is subject to change. We suggest that you call us for current information and to verify that your provider and their office location or provider group are included in the LifeWise network before you receive services.

Our provider directory is available any time on our website at students.lifewiseac.com/uw/gaip. You may also request a copy of this directory by calling customer service at the number located on the back cover or on your LifeWise ID card.

In-Network Providers

In-network providers are networks of hospitals, physicians and other providers that are part of our LifeWise Assurance Co. network in Washington. These providers provide medical services at a negotiated fee. This fee is the allowed amount for in-network providers.

In-network providers will not charge more than the allowed amount. This means that your portion of the charges for covered services will be lower.

Contracted Health Care Benefit Managers

The list of LifeWise Assurance Company's contracted Health Care Benefit Managers (HCBM) and the services they manage are available at https://lifewiseac.com/partners-vendors and changes to these contracts or services are reflected on the website within 30 business days.

Non-Participating Providers

Non-participating providers are either (1) providers that are not part of your network (out-of-network) or (2) providers that do not have a contract with us (non-contracted).

- **Out-of-network providers.** Some providers in Washington have a contract with us but are not in the LifeWise Assurance Co. network. In cases where this plan covers services from these providers, they will not bill you for the amount above the allowed amount for a covered service.
- **Non-contracted providers.** There are also providers who do not have a contract with us. These providers are called "non-contracted" providers in this booklet. These providers may bill you the amount above the allowed amount for a covered service.

Balance Billing Protection

Non-participating providers have the right to charge you more than the allowed amount for a covered service. This is called "surprise billing" or "balance billing." However, Washington state and federal law protects you from balance billing for:

Emergency Services from a non-participating hospital, facility or from a non-participating provider at the hospital or facility.

Emergency services include certain post-stabilization services you may get after you are in stable condition. These include covered services provided as part of outpatient observation or during an inpatient or outpatient stay related to the emergency visit, regardless of which department of the hospital you are in.

Non-emergency Services from a non-participating provider at an in-network hospital or outpatient surgery center. If a non-emergency service is not covered under the in-network benefits and terms of coverage under your health plan, then the federal and state law regarding balance billing do not apply for these services.

Ground Ambulance Services from a non-participating ground ambulance service organization for covered ground ambulance services.

Air Ambulance
Your cost-sharing for non-participating air ambulance services shall be no more than if the services were provided by an in-network provider. The cost sharing amount shall be counted towards the in-network deductible and the in-network out of pocket maximum amount. Cost-sharing shall be based upon the lesser of the qualifying payment amount (as defined under federal law) or the billed amount.

For more information, refer to [www.insurance.wa.gov/sites/default/files/2025-02/consumer-notice-surprise-billing-2024-FINAL.pdf

For the above services, you will pay no more than the plan's in-network cost shares. See ***Summary Of Your Costs***. LifeWise Assurance Company will work with the non-participating provider to resolve any issues about the amount paid. LifeWise will also send the plan's payments to the provider directly.

Note: Amounts you pay over the allowed amount don't count toward the plan year or quarter deductible, coinsurance or out-of-pocket maximum***.***

Benefits for Out-of-Network or Non-Contracted Providers

The following covered services and supplies provided by out-of-network or non-contracted providers will always be covered:

- Emergency services for a medical emergency. See ***Definitions*** for definitions of these terms. This plan provides worldwide coverage for emergency services.
- The benefits of this plan will be provided for covered emergency services without the need for any prior authorization and without regard as to whether the health care provider furnishing the services has a contract with us. Emergency services furnished by a non-participating provider will be reimbursed in compliance with applicable laws.
- Services associated with admission by an in-network provider to an in-network hospital that are provided by hospital-based providers.
- Facility and hospital-based provider services received from a hospital that has a provider contract with us.

If a covered service is not available from an in-network provider, you can receive benefits for services provided by an out-of-network provider at the in-network benefit level. However, you must request this before you get the care. See ***Prior Authorization*** for details.

PEDIATRIC DENTAL SERVICES

In-Network Providers

This plan makes available to you sufficient numbers and types of providers to give you access to all covered services in compliance with applicable Washington State regulations governing access to providers.

You receive the highest level of coverage when you receive services from in-network providers.

When you receive services from in-network providers, your claims will be submitted directly to us and available benefits will be paid directly to the pediatric dental care provider. In-network providers agree to accept our allowed amount as payment in full.

You're responsible only for your in-network cost shares, and charges for non-covered services. See ***Summary of Your Costs*** for cost share amounts.

To locate an in-network provider when you need services, please refer to our website or contact customer service. You'll find this information on the back cover.

Out-of-Network Providers

Out-of-network providers are providers that do not have contracts with us. Your bills will be reimbursed at the percentage indicated in the ***Summary of Your Costs*** (the out-of-network benefit level) and the provider will bill you for charges above the allowed amount. You may also be required to submit the claim yourself. See ***Sending Us a Claim***.

CARE MANAGEMENT

Care Management services work to help ensure that you receive appropriate and cost-effective medical care. Your role in the Care Management process is simple, but important, as explained below.

You must be eligible on the dates of service and services must be medically necessary. We encourage you to call customer service to verify that you meet the required criteria for claims payment and to help us identify admissions that might benefit from case management.

PRIOR AUTHORIZATION

Your coverage for some services depends on whether the service is approved before you receive it. This process is called prior authorization.

A planned service is reviewed to make sure it is medically necessary and eligible for coverage under this plan. We will let you know in writing if the service is authorized. We will also let you know if the services are not authorized and the reasons why. If you disagree with the decision, you can request an appeal. See ***Complaints and Appeals*** or call us.

There are three situations where prior authorization is required:

- Before you receive certain medical services and drugs
- Before you schedule a planned admission to certain inpatient facilities
- When you want to receive the higher benefit level for services you received from an out-of-network provider, except for emergency services. See ***Exceptions To Prior Authorizations for Out-of-Network Providers*** below for more information.

How to Ask for Prior Authorization

The plan has a specific list of services that must have prior authorization with any provider. The list is on our website. Before you receive services, we suggest that you review the list of services requiring prior authorization.

Services from In-Network Providers: It is your in-network provider's responsibility to get prior authorization. Your in-network provider can call us at the number listed on your ID card to request a prior authorization.

Services from Out-of-Network Providers: It is your responsibility to get prior authorization for any of the services on the prior authorization list when you see an out-of-network provider. You or your out-of-network provider can call us at the number listed on your ID card to request a prior authorization.

We will respond to a request for prior authorization within 5 calendar days of receipt of all information necessary to make a decision. If your situation is clinically urgent (meaning that your life or health would be put in serious jeopardy if you did not receive treatment right away), you may request an expedited review. Expedited reviews are responded to as soon as possible taking into account the medical urgency, but no later than 48 hours after we get the all information necessary to make a decision. We will provide our decision in writing.

Our prior authorizations will be valid for 30 calendar days. This 30-day period is subject to your continued coverage under the plan. If you do not receive the services within that time, you will have to ask us for another prior authorization.

Prior Authorization for Services from Out-of-Network Providers

This plan provides benefits for non-emergency care from out-of-network providers at a lower benefit level. You may receive benefits for these services at the in-network cost share if the service is medically necessary and only available from an out-of-network provider. You or your provider may request a prior authorization for the in-network benefit before you see the out-of-network provider.

The prior authorization request must include the following:

- A statement that the out-of-network provider has unique skills or provides unique services that are medically necessary for your care, and that are not reasonably available from a network provider
- Any necessary medical records supporting the request.

If we approve the request, the services will be covered at the in-network cost share. In addition to the cost shares, you will be required to pay any amounts over the allowed amount if the provider does not have a contracting agreement with us.

Exceptions to Prior Authorizations for Out-of-Network Providers

Out-of-network providers can be covered without prior authorization for emergency care and hospital admissions for a medical emergency. This includes hospital admissions for emergency drug or alcohol detox or for childbirth.

If you are admitted to an out-of-network hospital due to emergency condition, those services are always covered. We will continue to cover those services until you are medically stable and can safely transfer to an in-network hospital.

If you choose to stay in the out-of-network hospital after you are medically stable and can safely transfer to an in-network hospital, you may be subject to additional charges which may not be covered by your plan.

CLINICAL REVIEW

LifeWise has developed or adopted guidelines and medical policies that outline clinical criteria used to make medical necessity determinations. The criteria are reviewed annually and are updated as needed to ensure our determinations are consistent with current medical practice standards and follow national and regional norms. Practicing community doctors are involved in the review and development of our internal criteria. Our medical policies are on our website. You or your provider may review them at students.lifewiseac.com/uw/gaip. You or your provider may also request a copy of the criteria used to make a medical necessity decision for a particular condition or procedure. To obtain the information, please send your request to Care Management at the address or fax number shown on the back cover.

LifeWise reserves the right to deny payment for services that are not medically necessary or that are considered experimental/investigative. A decision by LifeWise following this review may be appealed in the manner described in ***Complaints and Appeals***.

In general, when there is more than one treatment option, the plan will cover the least costly option that will meet your medical needs. LifeWise works cooperatively with you and your physician to consider effective alternatives to hospital stays and other high-cost care to make better use of this plan's benefits.

PERSONAL HEALTH SUPPORT PROGRAMS

The personal health support programs are designed to help make sure your health care and treatment improve your health. You will receive individualized and integrated support based on your specific needs. These services could include working with you and your provider to ensure appropriate and cost-effective medical care, to consider effective alternatives to hospitalization, or to support both of you in managing chronic conditions.

Your participation in a treatment plan through our personal health support programs is voluntary. To learn more about the programs, contact customer service at the number listed on your ID card.

CONTINUITY OF CARE

How Continuity of Care Works: You may qualify for Continuity of Care (COC) under certain circumstances when a provider leaves your health plan’s network or your group transitions to a new carrier. This will depend on your medical condition at the time the change occurs. COC is a process that provides you with short-term, temporary coverage at in-network levels for care received by a non-participating provider.

COC applies in these situations:

- The contract with your provider ends.
- The benefits covered for your provider change in a way that results in a loss of coverage.
- The contract between your group and us ends and that results in a loss of coverage of your provider.

How you qualify for Continuity of Care If a primary care provider contract is terminated without cause, continuing care will be provided according to the details included in the member’s notice of the contract termination. During this time, LifeWise will consider the professional provider to still have an agreement only while this policy remains in effect and

- For the period that is the longest of the following:
  - The end of the current policy year
  - Until the end of the next open enrollment period, as required under state law
  - Up to 90 days after the termination date, if the event triggering the right to continuing treatment is part of an ongoing course of treatment
  - Through completion of postpartum care, if the member is pregnant on the date of termination; or
  - Until the end of the medically necessary treatment for the medical condition if the member has a terminal medical condition. In this paragraph, “terminal” means a life expectancy of less than one year.

We will notify you at least 30 days prior to your provider’s termination date. When a termination for cause provides us less than 30 days notice, we will make a good faith effort to assure that a written notice is provided to you immediately.

You can request continuity of care by contacting Customer Service. See ***How to Contact Us***.

If you are approved for continuity of care, you will get continuing care from the terminating provider until the earlier of the following:

- The 90th day after we notified you that your Primary Care Provider (PCP)’s contract ended
- The day after you complete the active course of treatment entitling you to continuity of care

If you are pregnant, and eligible for continuity of care, you can continue with your provider throughout your pregnancy, plus 8 weeks postpartum care

Continuity of care does not apply if your provider:

- No longer holds an active license
- Relocates out of the service area
- Goes on leave of absence
- Is unable to provide continuity of care because of other reasons
- Does not meet standards of quality of care

When continuity of care terminates, you may continue to receive services from this same provider, however, we will pay benefits at the out-of-network benefit level. See ***How Providers Affect Your Costs*** for more information. If we deny your request for continuity of care, you may request an appeal of the denial. See ***Complaints and Appeals***.

LEVELS OF CARE

Healthcare is delivered in many settings with distinct levels of care. Each level of care involves a different intensity of service to treat your medical and behavioral health symptoms. LifeWise covers the least intensive level of care that is medically necessary to treat your symptoms. Care is often provided in a continuum beginning with acute care and transitioning to outpatient care as symptoms or condition improve. Please see LifeWise medical policies for Medical Necessity criteria for each type of care.

Acute Inpatient Level of Care

- Medical, surgical or behavioral health hospitals (see ***Definitions*** for Hospital or Inpatient)

Acute facilities provide treatment for severe episodes of Illness, Injury, or behavioral health symptoms, and for recovery from surgery. You are monitored for medical, surgical and psychiatric symptoms, with 24-hour availability of appropriate medical and psychiatric practitioners, and 24/7 onsite nursing services. Care may begin in the emergency room or an outpatient medical, surgical, or behavioral health setting with transition to an acute inpatient level of care to address your needs. Specialty-appropriate physicians, nurse practitioners, or physician assistants perform physical examinations or psychiatric evaluations within one day of hospital admission. Hospitals provide daily physical examination or psychiatric evaluation, daily nursing observation, and daily treatment during the stay. A plan for treatment and transition to lower levels of care is established shortly after admission. A brief hospital stay while on Observation is considered to be Outpatient care.

Acute care facilities are licensed by the applicable state health department as a hospital or as a behavioral health evaluation and treatment facility.

Intermediate Level Facilities

- Long-term Acute Care Hospitals (LTAC or LTACH)
- Inpatient Rehabilitation Hospitals or Units
- Skilled Nursing Facilities (see ***Definitions*** for Skilled Nursing Facility and Skilled Nursing Care)
- Residential Treatment Programs in residential treatment facilities or wilderness settings

Intermediate care facilities are a bridge between acute and outpatient care settings. They serve those who do not require the intensity of service that acute hospitals provide, but are not yet ready to step-down to outpatient care. Their purpose is to improve function and stabilize you for transition to outpatient services. Intermediate level facilities provide care for patients' medical needs as well as daily living support. Patients typically reside in the facility for the duration of their treatment.
Intermediate level care may be provided in a free-standing facility or in a segregated location within another facility. Wilderness programs providing behavioral health care in an outdoor setting and with the structure and intensity of a residential treatment program are also intermediate level care. Inpatient Hospice and facilities providing Custodial Care are not intermediate level facilities.

Intermediate care facilities are licensed by the applicable state health department as a healthcare or behavioral health facility. A program operating under another type of state licensure, such as a child-care license, is not an intermediate facility. Intermediate care facilities have the following characteristics:

- Onsite nursing at all times (or, for behavioral health programs, on-call nursing and onsite mental health practitioner)

- Admission evaluation or psychiatric assessment by an appropriately licensed provider by at least shortly after admission and at least weekly (every seven days) thereafter
- Daily treatment by appropriate licensed clinical providers
- A plan for treatment established shortly after admission
- Discharge planning for transition to lower levels of care

Please see LifeWise medical policies for Medical Necessity criteria for each type of care.

Intermediate Level Ambulatory or Outpatient Care

- Partial Hospitalization Programs for Psychiatric or Substance Use Disorder Treatment
- Intensive Outpatient Psychiatric or Substance Use Disorder Treatment Programs
- Home Health Care
- Residential Neurological Rehabilitation or Rehab Without Walls

Intermediate level outpatient programs provide intensive services to those who can function safely in a community-based setting but require a higher level of care than is provided in an outpatient office visit. Intermediate level outpatient programs may be provided by inpatient or intermediate level facilities however you typically reside at their own homes and visit the facilities for treatment only. Some may offer programs where you can pay to reside within the facility while an outpatient level of care is provided when facility is away from your home.

Outpatient Care

- Hospital Observation
- Hospital Emergency Department
- Ambulatory Surgical Center or Outpatient Surgical Center
- Ambulatory or Outpatient Rehabilitation
- Urgent Care
- Office Visits
- Virtual Care

Outpatient care may be provided in hospital, surgical center, clinic, or office settings, or remotely through virtual care. Outpatient services are unstructured and provide maximum freedom.

COVERED SERVICES

This section talks about the benefits that are available with this plan and your costs.

Services of these benefits are available when they meet all of these requirements:

- It must be given in connection with prevention or diagnosis and treatment of a covered illness, disease or injury.
- The service takes place in a medically necessary setting. This plan covers inpatient care only when you cannot get the services in a less intensive setting.
- Must not be excluded from coverage under this plan.
- The expense for it must be incurred while you're covered under this plan.
- It must be given by a provider who's performing services within the scope of their license or certification.
- It must meet the standards set in our medical and payment policies. The plan uses policies to administer the terms of the plan.
- Some types of services may be limited or excluded under this plan.

Related Benefit Information

- To learn more about terms like medical necessity and provider, see Definitions.
- See ***Exclusions and Limitations*** for a complete description of limitations and exclusions.
- This plan complies with state and federal regulations about diabetes medical treatment coverage. See the ***Preventive Care***, ***Prescription Drugs***, ***Home Medical Equipment (HME), Supplies, Devices, Prosthetics and Orthotics***, and the ***Foot Care*** benefits.

Medical services must meet the standards set in our medical and payment policies. The plan has policies that are used to administer the terms of the plan. Our policies are available to you and your provider at students.lifewiseac.com/uw/gaip or by calling customer service.

Medical policies r define medical necessity criteria for a specific procedure, drugs, biologic agents, devices, level of care or services. They also identify medical services that are not covered because they are experimental and investigational. Medical policies may be developed by Lifewise or licensed from national organizations that create evidence-based utilization standards

Payment policies define provider billing and payment rules. Our policies are based on accepted clinical practice guidelines and industry standards accepted by organizations like the American Medical Association (AMA), other professional societies and the Center for Medicare and Medicaid Services (CMS).

If you have any questions regarding your benefits and how to use them, call customer service at the number listed on the back cover.

COMMON MEDICAL SERVICES

The services listed in this section are covered as shown in ***Summary of Your Costs***. See the summary for your copays, deductible, coinsurance, benefit limits and if out-of-network services are covered.

Professional Visits and Services

This plan covers professional office, clinic home visits, and real-time visits via online and telephonic methods (virtual care). The visits can be for examination, consultation and diagnosis of an illness or injury, including second opinions, for any covered medical diagnosis or treatment plan.

You may have to pay a separate copay or coinsurance for other services you get during a visit. This includes services such as x-rays, lab work, therapeutic injections and office surgeries.

Some outpatient services you get from a specialist must be authorized in writing before you get them. See ***Prior Authorization*** for details. See ***Urgent Care Centers*** for care provided in an office or clinic urgent care center. See ***Preventive Care*** for coverage of preventive services.

Preventive Care

Preventive care is a specific set of evidence-based services expected to prevent future illness. It is performed for routine screening purposes when you do not have signs or symptoms of a condition. These services are based on guidelines established by government agencies and professional medical societies.

Services are considered preventive when recommended or required by:

- United States Preventive Services Task Force (A or B rating).
- Centers for Disease Control and Prevention (immunizations).
- Health Resources and Services Administration (screenings and care for women, children, teens).
- Washington state law.

Visit healthcare.gov for more information.

Preventive services provided by in-network providers are covered in full. The maximum number of visits covered is recommended by the United States Preventive Services Task Force, Centers of Disease Control and Prevention, and Health Resources and Services Administration as applicable.

Some of the services your provider does during a routine exam may not meet preventive guidelines. These services are then covered the same as any other similar medical service and are not covered in full.

For example:

During your preventive exam, your provider may find an issue or problem that requires further testing or screening for a proper diagnosis to be made. Monitoring a chronic condition is not preventive care. If you have a chronic disease, your provider may check your condition with tests. These types of screenings and tests help to diagnose or monitor your illness and would not be covered under your preventive benefits. They would require you to pay a greater share of the costs.

The plan covers the following as preventive services:

- **Wellness exams**, including those for school, sports and jobs
- **Routine maternity care**:
  - Routine prenatal and postnatal exams and tests

- Breast feeding support and counseling
- Standard breast pump (bought from approved suppliers). Call customer service for a list of approved suppliers.
- Rental of a hospital grade breast pump

- **Colon cancer screening** (for high-risk individuals and all individuals 45 years of age or older):
  - Pre-colonoscopy consultations and exams
  - Barium enema
  - Colonoscopy, sigmoidoscopy and fecal occult blood tests
  - If polyps are found during the screening, their removal and lab tests are covered as preventive
  - Medically necessary anesthesia
  - Colonoscopies as follow up to a positive non-invasive stool based screening test
- **Screening tests and imaging**, such as:
  - Mammograms (including 3-D)
  - Pap smears
  - Prostate-specific antigen tests
  - BRCA genetic tests for members at risk for certain breast cancers
  - Diabetes screening
- **Immunizations,** including seasonal and for travel
- **Contraceptives and tubal ligation**:
  - Contraceptive devices, shots, and implants, including anesthesia. This plan will cover up to 12-month supply of contraceptives.
  - Plan B (emergency contraceptive)
  - Tubal ligation (other services, like anesthesia, are covered as preventive only if tubal ligation is the primary procedure)
  - See ***Prescription Drugs***
- **Health education and training:**
  - Outpatient programs and classes to help you manage pain or cope with covered conditions like heart disease, diabetes or asthma
  - The program or class must take place in an approved setting, like a hospital
- Outpatient **nutritional counseling and therapy** for obese adults and children, and members at risk for health conditions affected by diet
- **Pre-exposure (PrEP)** for members at high risk for HIV infection.
- **Post-exposure prophylaxis (PEP)**
- **Nicotine habit-breaking programs**
- **Review of oral health for members under 19**
- **Vision screening for members under 19**

This Preventive Care benefit does not cover:

- Prescription contraceptives, including over-the-counter items, dispensed and billed by your provider or a hospital. See ***Prescription Drugs***.
- Gym memberships/fees or exercise classes or programs.
- Exams for insurance or work related disability purposes.
- For vasectomy. See ***Surgery***.
- If tubal ligation is a secondary procedure, it is still covered as preventive. However, related services like anesthesia are covered under the primary procedure. See ***Hospital*** and ***Surgery***.

Diagnostic X-ray, Lab and Imaging

This plan covers diagnostic medical tests that help find or identify diseases. Covered services include interpreting these tests for covered medical conditions. Some diagnostic tests, such as MRA, MRI, CT and echocardiograms require prior authorization. See ***Prior Authorization*** for details.

When diagnostic X-ray and imaging treatment is referred by Husky Health to a non-Husky Health provider, the network or non-network benefits will apply depending on the provider you see. This includes x-rays sent to a non-Husky Health radiologist for review.

Covered lab charges incurred at or referred from Husky Health will be covered at 100% and not subject to the deductible.

Preventive Care Screening and Tests

Preventive care screening and tests are covered in full when provided by an in-network provider. “Preventive care” is as specific set of evidence-based services expected to prevent future illness. These services are based on guidelines established by government agencies and professional medical societies. For more information about what services are covered as preventive see ***Preventive Care***.

Basic Diagnostic X-ray, Lab and Imaging

Basic diagnostic x-ray, lab and imaging services that do not meet the preventive guidelines include but are not limited to:

- Barium enema
- Bone density screening for osteoporosis
- Cardiac testing, including pulmonary function studies
- Diagnostic imaging like x-rays and EKGs
- Lab services
- Mammograms (including 3-D mammograms) for a medical condition
- Neurological and neuromuscular tests
- Pathology tests
- Standard ultrasounds
- Diagnosis and treatment of the underlying medical conditions that may cause infertility

Diagnostic breast examination for the purpose of this ***Diagnostic X-Ray, Lab, And Imaging*** benefit means a medically necessary and appropriate examination of the breast, including an examination using diagnostic mammography breast magnetic resonance imaging, or breast ultrasound, that is used to evaluate an abnormality:

- Seen or suspected from a screening examination for breast cancer; or
- Detected by another means of examination

Supplemental breast examination for the purpose of this ***Diagnostic X-Ray, Lab, And Imaging*** benefit means a medically necessary and appropriate examination of the breast, including an examination using breast magnetic resonance imaging or breast ultrasound, that is:

- Used to screen for breast cancer when there is no abnormality seen or suspected; and
- Based on personal or family medical history, or additional factors that may increase the member's risk or breast cancer

Major Diagnostic X-ray and Imaging

Major diagnostic x-ray and imaging services include:

- Computed Tomography (CT) scan
- High technology ultrasounds
- Nuclear cardiology
- Magnetic Resonance Imaging (MRI)
- Magnetic Resonance Angiography (MRA)
- Positron Emission Tomography (PET) scan

The diagnostic x-ray, lab and imaging benefit does not cover:

- Diagnostic services from an inpatient facility, an outpatient facility, or emergency room that are billed with other hospital or emergency room services. These services are covered under inpatient, outpatient or emergency room benefits.
- Allergy tests. These services are covered under the ***Allergy Testing and Treatment*** benefit.
- Testing required for employment, schooling, screening or public health reasons that is not for the purpose of treatment.

Pediatric Care

This plan covers vision and dental services for covered children until the end of the month of a member's 19th birthday. A child under age 19 is eligible for these services as stated in the ***Summary of Your Costs***, unless otherwise stated below.

Pediatric Vision Services

Coverage for routine eye exams and glasses includes the following:

- Vision exams, including dilation and with refraction, by an ophthalmologist or an optometrist. A vision exam may consist of external and ophthalmoscopic examination, determination of the best corrected visual acuity, determination of the refractive state, gross visual fields, basic sensorimotor examination and glaucoma screening.
- Glasses, frames and lenses
- Contact lenses in lieu of lenses for glasses
- Contact lenses required for medical reasons
- Comprehensive low vision evaluation and follow up visits
- Low vision devices, high power spectacles, medical vision hardware, magnifiers and telescopes when medically necessary

This benefit does not cover:

- This plan does not cover routine adult vision exams to test visual acuity and/or to prescribe any type of vision hardware for members age 19 and older.
- Vision therapy, eye exercise, or any sort of training to correct muscular imbalance of the eye (orthoptics), and pleoptics, treatment or surgeries to improve the refractive character of the cornea or results of such treatments.

Pediatric Dental Services

Coverage is available for a covered dental condition. Such services must meet all of the following requirements:

- They must be medically necessary (See ***Definitions***)
- They must be named in this plan as covered
- They must be furnished by a licensed dentist (DMD or DDS) or denturist. Services may also be provided by a dental hygienist under the supervision of a licensed dentist, or other individual, performing within the scope of their license or certification, as allowed by law.
- They must not be excluded from coverage under this benefit

At times we may need to review diagnostic materials such as dental x-rays to determine if the services requested are medically necessary. These materials will be requested directly from your dental care provider.

Dental Estimate of Benefits

You can ask for a ***Dental Estimate of Benefits*** before you receive dental services to ensure covered services are dentally appropriate. A Dental Estimate of Benefits verifies your eligibility and benefits of this plan for you and your provider. It may also clarify what is covered or not covered. This can protect you from unexpected out-of-pocket expenses.

A Dental Estimate of Benefits isn't required for you to receive your dental benefits. However, we suggest that your dental care provider submit a dental estimate to us for any proposed dental services in which you are concerned about your out-of-pocket expenses.

Our Dental Estimate of Benefits is not a guarantee of payment. Payment of any service will be based on your eligibility and benefits available at the time you received services. See ***How to Contact Us*** for the address and fax for a dental estimate of benefits or call customer service.

Alternative Benefits

To determine benefits available under this plan, we consider alternative procedures or services with different fees that are consistent with acceptable standards of dental practice. In all cases where there's an alternative course of treatment that's less costly, we'll only provide benefits for the treatment with the lesser fee. If you and your dental care provider choose a more costly treatment, you're responsible for additional charges beyond those for the less costly alternative treatment.

Dental Care Services for Congenital Anomalies

This plan covers dental services when impairment is related to or caused by a congenital disease or anomaly from the moment of birth for a child afflicted with a congenital disease or anomaly.

Dental care coverage includes the following:

Preventive and Diagnostic Services

Benefits include the following services:

- Routine oral examinations are limited to 2 visits per plan year. Comprehensive and periodic oral examinations count toward the limit for oral examinations.
- Prophylaxis (cleaning, scaling, and polishing of teeth) is limited to 2 per plan year
- Fluoride treatment (including fluoride varnishes) is limited to 3 treatments per plan year
- Covered dental x-rays include either a complete series or panoramic x-ray once every 36 months, but not both. Supplemental bitewing and periapical x-rays are covered.
- Sealants are covered up to age 19 for permanent teeth and primary (baby) molars, once every three plan years
- Space maintainers are only covered when designed to preserve space for permanent teeth. Replacement of space maintainers will be covered only when medically necessary.
- Oral hygiene instruction is limited to 2 times per plan year for ages 8 and under if not performed on the same day as prophylaxis (cleaning).

Minor Services

Benefits include the following services:

- Non-routine x-rays, including occlusal intraoral x-rays when medically necessary are limited to once every 24 months
- Oral and facial photographic images subject to review for medical necessity on a case by case basis
- Full mouth debridement
- Simple extractions
- Emergency, limited problem focused and other non-routine oral exams are limited to 1 per plan year
- Behavior management (behavior guidance techniques used by dental provider)
- Fillings, consisting of silver amalgam tooth colored composite. Limited to once every 24 months for the same restoration.
- Prefabricated stainless steel crowns, including those made with porcelain, ceramic, or resin material, are limited to once every 36 months on permanent or primary teeth.
- Periodontal (non-surgical) maintenance is limited to 1 per plan year.
- Recementing of crowns, inlays, bridgework and dentures. Recementing of permanent crowns is limited to ages 12 up to age19.
- Emergency palliative treatment. We require a written description and/or office records of services provided.
- Repair of crowns, bridgework & dentures is limited to once every 3 plan years (if performed 6 months or more from seating date).
- Limited occlusal adjustment (reshaping of a limited number of teeth to attain proper bite) are limited to once every 12 months as medically necessary.
- Pulp vitality test
- Extended care facility or nursing home calls is limited to 2 per facility per day, when medically necessary. Osseous and mucogingival surgery (surgical periodontal treatment) is covered in the same quadrant once every 3 plan years. Surgical periodontal services also cover post-operative ginigivectomy and gingivoplasty. This benefit covers post-surgical complications.
- Endodontic (root canal) therapy and pulpal therapy (restorable filling) is limited to once per tooth per lifetime
  - Retreatment of a root canal when services are performed at least 12 months after the original procedure
  - Benefits for root canals performed in conjunction with overdentures are limited to 2 per arch
  - Open and drain (open and broach) (open and medicate) procedures may be limited to a combined allowance based on our review of the services rendered
  - Other than the initial diagnostic x-ray, additional x-rays done in conjunction with a root canal are included in the fee for root canals
  - Apexification for apical closures
  - Apicoectomy and retrograde filling

- Periodontal scaling and root planning services are covered for ages 13 up to age 19. Services are limited to once per quadrant every 24 months
- Periodontal surgery, including post-surgical complications
- Occlusal guard (nightguard) is limited to once every 36 consecutive months. Occlusal guard repair, reline and adjustments are limited to once every 12 consecutive months when services are performed done 6 or more months after initial placement of occlusal guard.

Major Services

Benefits include the following services:

- Surgical Extractions
- Therapeutic parenteral/therapeutic drugs such as antibiotics, steroids, and anti-inflammatory medication administered in a dental office
- Diagnostic casts, study models and cephalometric film when medically necessary are included in conjunction with another covered dental procedure
- Oral and Maxillofacial surgery which includes:
  - Alveoplasty and Vestibuloplasty
  - Cancer treatment
  - Care of abscesses
  - Cleft palate treatment
  - Cyst removal
  - Excision of lesion
  - Frenulectomy or Frenuloplasty (limited to ages 6 and under)
  - Post-surgical complications
  - Surgical biopsy
  - Treatment of fractures
- Initial placement of inlays, onlays, laboratory-processed labial veneers, and crowns for decayed or fractured teeth when amalgam or composite resin fillings wouldn't adequately restore the teeth. Crowns, inlays, and onlays consisting of porcelain, ceramic, or resin, performed on second or third molars will be limited to the allowed amount that we would have paid for a metal crown, inlay or onlay. An Estimate of Benefits is suggested.
- Replacement inlays, onlays, laboratory-processed labial veneers and crowns, but only when:
  - The existing restoration was seated at least 5 plan years before replacement; or
  - The service is a result of an injury as described under "Dental Care Services For Injuries"
- Partial dentures and fixed bridges are covered. Replacement of partial dentures and fixed bridges is limited to once per 3 plan years. A replacement is covered three years from original seat date.
- Complete denture (upper and lower) is covered. Replacement of complete denture (upper and lower) is limited to 1 per lifetime. Replacement of complete denture must be 5 years after the seat date
- Repreparation of the natural tooth structure under the existing bridgework is required as a result of an injury to that structure, and such repair is performed within 12 months of the injury as described under "Dental Care Services For Injuries"
- The replacement or addition of teeth is required to replace 1 or more additional teeth extracted after initial placement
- Relining, rebasing and adjustments of dentures when performed 6 or more months after denture installation.
- Tooth cast and core or prefabricated post and core limited to permanent teeth
- General, regional blocks, oral or parenteral sedation and deep sedation in a dental care provider's office when medically necessary and provided with a covered service. This includes members who are under the age of 9 or are disabled physically or developmentally. An Estimate of Benefits is suggested.
  - This benefit also covers drugs and medications used for parenteral conscious sedation, deep sedation and general anesthesia when dentally necessary. This includes members who are under the age of 7 or are disabled physically or developmentally.
  - Local anesthesia in conjunction with operative or surgical procedures may be combined with the allowance for the primary procedure
- Hospital call including emergency care limited to 1 per day, when medically necessary.

Medically Necessary Orthodontia

- This benefit includes braces and orthodontic retainer for specific malocclusions associated with:
  - Cleft lip and palate, cleft palate, or cleft lip with alveolar process improvement
  - Craniofacial anomalies (hemifacial microsomia, craniosynostosis syndromes

Orthodontic services require prior authorization before services are received. See "***Prior Authorization***" for details. To request a prior authorization, please contact customer service.

This benefit does not cover:

- Cleaning of appliances
- Complete occlusal adjustment
- Cosmetic services:
  - Services and supplies rendered for cosmetic or aesthetic purposes, including any direct or indirect complications and aftereffects thereof
  - Cosmetic orthodontia
- Crowns and copings in conjunction with an overdenture
- Dental services received from a:
  - Dental or medical department maintained for employees by or on behalf of an employer
  - Mutual benefit association, labor union, trustee, or similar person or group
- Duplicate appliances
- Extra dentures or other duplicate appliances, including replacements due to loss or theft
- Facility charges (hospital and ambulatory surgical center) for dental procedures
- Home use products. Services and supplies that are normally intended for home use such as take home fluoride, toothbrushes, floss and toothpaste.
- Implants. Dental implants and implant related services.
- Increase of vertical dimension. Any service to increase or alter the vertical dimension.
- Non-standard techniques. Techniques other than standard techniques used in the making of restorations or prosthetic appliances, such as personalized restorations.
- Periodontal splinting and/or crown and bridgework in conjunction with periodontal splinting
- Plaque control programs (dietary instruction and home fluoride kits)
- Precision attachments, replacement of replaceable parts for semi-precision or precision attachments, and personalization of appliances
- Services received or ordered when this plan isn't in effect, or when you aren't covered under this plan (including services and supplies started before your effective date or after the date coverage ends)

  Except for major services and root canals that were started after your effective date and before the date your coverage ended under this plan, and were completed within 30 days after the date your coverage ended under this plan.

  The following are deemed service start dates:
  - For root canals, it's the date the canal is opened
  - For onlays, crowns, and bridges, it's the preparation date
  - For partial and complete dentures, it's the impression date

  The following are deemed service completion dates:
  - For root canals, it's the date the canal is filled
  - For onlays, crowns, and bridges, it's the seat date
  - For partial and complete dentures, it's the seat or delivery date
- Testing and treatment for mercury sensitivity or that are allergy-related

Prescription Drugs

This plan uses a formulary drug list shown in ***Summary of Your Costs***.

Benefits available under this plan will be provided for "off-label" use, including administration, of prescription drugs for treatment of a covered condition when use of the drug is recognized as effective for treatment of such condition by one of the following:

- One of the following standard reference compendia:
  - **The American Hospital Formulary Service-Drug Information**
  - **The American Medical Association Drug Evaluation**
  - **The United States Pharmacopoeia-Drug Information**
  - Other authoritative compendia as identified from time to time by the Federal Secretary of Health and Human Services or the Insurance Commissioner
- If not recognized by one of the standard reference compendia cited above, then recognized by the majority of relevant, peer-reviewed medical literature (original manuscripts of scientific studies published in medical or scientific journals after critical review for scientific accuracy, validity and reliability by independent, unbiased experts)
- The Federal Secretary of Health and Human Services

"Off-label use" means the prescribed use of a drug that's other than that stated in its FDA-approved labeling.

Benefits aren't available for any drug when the US Food and Drug Administration (FDA) has determined its use to be contra-indicated, or for experimental or investigative drugs not otherwise approved for any indication by the FDA.

Formulary Drug List

This benefit uses a specific list of covered prescription drugs, sometimes referred to as a "formulary drug list." Our Pharmacy and Therapeutics Committee, which includes medical providers and pharmacists from the community, frequently reviews current medical studies and pharmaceutical information. The Committee makes recommendations on which drugs are included on our formulary drug lists. The formulary drug lists are updated quarterly based on the Committee's recommendations.

Covered Prescription Drugs

- FDA approved formulary drugs. Federal law requires a prescription for these drugs. They are known as "legend drugs."
- Glucagon and allergy emergency kits
- Inhalers, supplies and peak flow meters
- Some drugs that treat complex or rare health conditions may only available at specialty pharmacies.
- Prescribed preventive drugs required by the Affordable Care Act
- Compound drugs when the main drug ingredient is a covered prescription drug
- Certain prescription and generic over-the-counter drugs to break a nicotine habit
- Drugs associated with an emergency medical condition (including drugs from a foreign country)
- Prescribed epinephrine autoinjectors for the treatment of allergic reaction. (Your cost shares for at least one covered epinephrine autoinjector product containing at least two autoinjectors will not exceed $35, not subject to the deductible. Cost shares for covered prescription epinephrine autoinjectors apply towards the deductible.)

Asthma Inhalers

- Prescribed asthma inhalers for the treatment of asthma. (Your cost shares for covered prescription asthma inhalers for at least one covered inhaled corticosteroid and at least one covered inhaled corticosteroid combination that is FDA approved for the treatment of asthma will not exceed $35 per 30-day supply of the drug, not subject to the deductible. Cost shares for covered prescription asthma inhalers apply towards the deductible.)

Pharmacy Management

Sometimes benefits for prescription drugs may be limited to one or more of the following:

- A specific number of days' supply or a specific drug or drug dosage appropriate for a usual course of treatment
- Certain drugs for a specific diagnosis
- Certain drugs from certain pharmacies, or you may need to get prescriptions from an appropriate medical specialists or a specific provider

- Drug synchronization, meaning the coordination of medication refills for a patient taking two or more medications for a chronic condition such that the patient's medications are refilled on the same schedule for a given time period. Cost shares are adjusted if the fill is less than the standard refill amount in compliance with state law.

These limitations are based on medical criteria, the drug maker's recommendations, and the circumstances of the individual case. They are also based on US Food and Drug Administration guidelines, published medical literature and standard medical references.

Dispensing Limits

Benefits are limited to a certain number of days' supply as shown in the ***Summary of Your Costs***. Sometimes a drug maker's packaging may affect the supply in some other way. We will cover a supply greater than normally allowed under your plan if the packaging does not allow a lesser amount. Exceptions to this limit may be allowed as required by law. For example a pharmacist can authorize an early refill of a prescription for topical ophthalmic products in certain circumstances. You must pay a copay for each limited days' supply.

Preventive Drugs

Benefits for certain preventive care prescription drugs will be as shown in ***Summary of Your Costs*** when received from network pharmacies. Contact customer service or visit our website to inquire about whether a drug is on our preventive care list.

You can get a list of covered preventive drugs by calling customer service. You can also get this by going to the preventive care list on our website at students.lifewiseac.com/uw/gaip.

Using In-network Pharmacies

When you use an in-network pharmacy, always show your LifeWise ID Card. In-network pharmacies include, but are not limited to, Rubenstein Pharmacy (located at Husky Health) and University of Washington Medical Center pharmacies. As a member, you will not be charged more than the allowed amount for each prescription or refill. The pharmacy will also submit your claims to us. You only have to pay the deductible, copay or coinsurance as shown in ***Summary of Your Costs***.

If you do not show your LifeWise ID Card, you will be charged the full retail cost. Then you must send us your claim for reimbursement. Reimbursement is based on the allowed amount. See ***How Do I File A Claim***.

Diabetic Drugs and Supplies

Prescribed drugs for shots that you give yourself, such as insulin. (Your cost shares for covered prescription insulin drugs will not exceed $35 per 30-day supply of the drug, not subject to the deductible. Cost shares for covered prescription insulin drugs apply towards the deductible.)

Oral Chemotherapy

Drugs you take by mouth that can be used to kill cancer cells or slow their growth. This benefit only covers the drugs that you get from a pharmacy.

Contraceptives

- All FDA-approved prescription and over-the-counter oral contraceptive drugs, supplies, and devices, including emergency contraceptives that are required to be covered by state or federal law. You must buy over-the-counter supplies and devices at the pharmacy counter.
- Can receive up to a 12-month supply for contraceptive drugs.
- For details on how to submit a pharmacy claim, see ***How Do I File a Claim.***

Human Growth Hormone

Human growth hormone is covered only for medical conditions that affect growth. It is not covered when the cause of short stature is unknown. Human growth hormone is a specialty drug.

This benefit does not cover:

- Drugs and medicines that you can legally buy over the counter (OTC) without a prescription. OTC drugs are not covered even if you have a prescription. Examples include, but are not limited to, nonprescription drugs and vitamins, herbal or naturopathic medicines, and nutritional and dietary supplements such as infant formulas or protein supplements. This exclusion does not apply to OTC drugs that are required to be covered by state or federal law.
- Drugs for cosmetic use such as for wrinkles
- Drugs used to improve your looks, such as drugs to increase hair growth or alter the appearance of your skin.

- For blood or blood derivatives coverage see ***Blood Products and Services***
- Any prescription refill beyond the number of refills shown on the prescription or any refill after one year from the original prescription
- Replacement of lost or stolen drug
- Infusion therapy drugs or solutions, drugs requiring parenteral administration or use, and healthcare provider administered injectable medications other than drugs you inject yourself, such as insulin and glucagon and growth hormones. See ***Infusion Therapy*** for covered infusion therapy services.
- Drugs dispensed for use in a healthcare facility or provider's office, or take-home medications other than drugs you inject yourself. See ***Prescription Drugs*** for injectable drugs for self-administration.
- Immunizations. See ***Preventive Care***.
- Drugs to enhance fertility or to treat sexual dysfunction
- Weight management drugs
- Therapeutic devices or appliances, except for contraceptive supplies and devices and syringes and needles for drugs you give yourself. See ***Home Medical Equipment (HME), Supplies, Devices, Prosthetics and Orthotics***.

Your Right to Safe and Effective Pharmacy Services

State and federal laws establish standards to assure safe and effective pharmacy services, and to guarantee your right to know what drugs are covered under this plan and what coverage limitations are in your contract. If you want more information about the drug coverage policies under this plan, or if you have a question or a concern about your pharmacy benefit, please call customer service. The phone numbers are shown on the back cover.

If you want to know more about your rights under the law, or if you think anything you received from this plan may not conform to the terms of your contract, you may contact the Washington State Office of Insurance Commissioner at 1-800-562-6900. If you have a concern about the pharmacists or pharmacies serving you, please call the State Department of Health at 360-236-4825.

Questions and Answers about Your Prescription Drug Benefits

1. **Does this plan exclude certain drugs my health care provider may prescribe, or encourage substitution for some drugs?**

   Your prescription drug benefit uses a "formulary drug list." We review medical studies, scientific literature and other pharmaceutical information to choose safe and effective drugs for the formulary drug list. This plan doesn't cover certain categories of drugs. These are listed above.

2. **When can my plan change the formulary drug list? If a change occurs, will I have to pay more to use a drug I had been using?**

   The formulary drug list is updated frequently throughout the year. See ***Formulary Drug List*** above. If changes are made to the formulary drug list that may negatively impact your cost share, you will receive a letter advising you of the change.

3. **What should I do if I want a change from limitations, exclusions, substitutions or cost increases for drugs specified in this plan?**

   The limitations and exclusions applicable to your prescription drug benefit, including categories of drugs for which no benefits are provided, are part of this plan's overall benefit design, and can't be changed.

   You can appeal any decision you disagree with. See ***Complaints and Appeals***, or call customer service at the telephone numbers listed on the back cover for information on how to initiate an appeal.

4. **How much do I have to pay to get a prescription filled?**

   The amount you pay for covered drugs dispensed by a retail pharmacy or mail-order through Rubenstein pharmacy is described in the ***Summary of Your Costs***.

5. **Do I have to use certain pharmacies to pay the least out of my own pocket under this plan?**

   Yes. You receive the highest level of coverage when you have your prescriptions filled by participating pharmacies.

6. **How many days' supply of most medications can I get without paying another copay or other repeating charge?**

   The dispensing limits (or days' supply) for drugs dispensed at retail pharmacies and through the mail-order pharmacy benefit are described in the "Dispensing Limit" provision above.

Benefits for refills will be provided only when the member has used 75% of a supply of a single medication. The 75% is calculated based on both of the following:

- The number of units and days' supply dispensed on the last refill
- The total units or days' supply dispensed for the same medication in the 180 days immediately before the last refill. This rule does not apply when the member has purchased more than a 180-day supply of birth control drugs at one time. Up to a 12-month supply for contraceptive drugs and devices is allowed.

7. What other pharmacy services does my health plan cover?

This benefit is limited to covered prescription drugs and specified supplies and devices dispensed by a licensed participating pharmacy. Other services, such as consultation with a pharmacist, diabetic education or medical equipment, are covered by the medical benefits of this plan, and are described elsewhere in this booklet.

Surgery

This plan covers inpatient and outpatient surgical services at a hospital or ambulatory surgical center, surgical suite or provider's office. Some outpatient surgeries must be authorized in writing before you have them. See ***Prior Authorization*** for details.

This benefit covers:

- Surgical services, including injections, when performed on an inpatient or outpatient basis
- Anesthesia or sedation
- Medically necessary postoperative care
- Correction of functional disorders
- Cornea transplantation, skin grafts, and repair of a dependent child's congenital anomaly
- Cochlear implants
- Blood transfusion, including blood derivatives. Storage is covered only when medically necessary.
- Medically necessary surgery to correct the cause of infertility. This doesn't include assisted reproduction techniques or sterilization reversal
- Biopsies and scope insertion procedures such as endoscopies
- Diagnostic colonoscopy and sigmoidoscopy services not covered under ***Preventive Care***.
- Reconstructive surgery that is needed because of an injury, infection or other illness
- Sexual reassignment surgery if medically necessary. See ***Gender Affirming Care*** for details.
- Vasectomy

This benefit does not cover:

- Removal of excess skin or fat related to either weight loss surgery or the use of drugs for weight loss.
- Breast reconstruction. See ***Mastectomy and Breast Reconstruction*** for those covered services.
- The use of an anesthesiologist for monitoring and administering general anesthesia for colon health screenings unless medically necessary when specific medical conditions and risk factors are present.
- Transplant services. See ***Transplants*** for details.
- Cosmetic surgery

Emergency Room

This benefit covers:

- Emergency room and provider services
- Equipment, supplies and drugs used in the emergency room
- Services and exams used for stabilizing an emergency medical condition, including mental health, or substance use disorder. This includes emergency services arising from complications from a service that was not covered by the plan.
- Diagnostic tests performed with other emergency services
- Emergency detoxification

You need to let us know if you are admitted to the hospital from the emergency room as soon as possible. See ***Prior Authorization*** for details.

Ambulance Services

This plan covers emergency ambulance services to the nearest facility that can treat your condition. The medical care you get during the trip is also covered. These services are covered only when any other type of transport would put your health or safety at risk. Covered services also include transport from one medical facility to another as needed for your condition. Transportation to your home is covered when medically necessary.

This plan covers ground and air ambulance services from licensed providers only and only for the member who needs transport. Payment for covered services will be paid to the ambulance provider or to both the ambulance provider and you.

Air or sea emergency transportation is only covered when all the above requirements for ambulance services are met and:

- Transport takes you to the nearest available facility that can treat your condition.
- Geographic restraints prevent use of a ground transport.
- Ground emergency transportation would put your health or safety at risk

Ground ambulance services means:

- The rendering of medical treatment and care at the scene of a medical emergency or while transporting a member to an appropriate emergency services provider when the services are provided by one or more ground ambulance vehicles designed for this purpose; and
- Ground ambulance transport between emergency services providers, emergency services providers and medical facilities, and between medical facilities when the services are medically necessary and are provided by one or more ground ambulance vehicles designed for this purpose.

Prior authorization is required for non-emergency ambulance services. See ***Prior Authorization*** for details.

Urgent Care Centers

This plan covers care you get in an urgent care center and supplies. Urgent care centers have extended hours and are open to the public. You can go to an urgent care center for an illness or injury that needs treatment right away. Examples are minor sprains, cuts and ear, nose and throat infections. Covered services include the doctor's services.

You may have to pay a separate copay or coinsurance for other services you get during a visit. This includes things such as x-rays, lab work, therapeutic injections and office surgeries. See those covered services for details.

If an urgent care visit is provided in a center located in a hospital, benefits may also be subject to the plan year deductible and coinsurance for related to facility fees charged by the hospital.

Hospital

This benefit covers:

- Inpatient room and board
- Providers services
- Intensive care or special care units
- Operating rooms, procedure rooms and recovery rooms
- Surgical supplies and anesthesia
- Drugs, blood, medical equipment and oxygen for use in the hospital
- X-ray, lab and testing billed by the hospital

Even though you stay at an in-network hospital, you may get care from doctors or other providers who do not have a network contract at all. In that case, you may not have to pay any amounts over the allowed amount for covered services.

You pay out-of-network cost shares if you get care from a provider not in your network. You will not be balanced billed for certain services provided by an out-of-network provider. See ***How Providers Affect Your Costs*** for details.

We must approve all planned inpatient stays before you enter the hospital. See ***Prior Authorization*** for details.

This benefit does not cover:

- Hospital stays that are only for testing, unless the tests cannot be done without inpatient hospital facilities, or your condition makes inpatient care medically necessary
- Any days of inpatient care beyond what is medically necessary to treat the condition

The following facilities are not considered hospitals if it operates mainly for any of the purposes below:

- Rest, nursing, or convalescent homes
- Residential treatment centers
- Health resorts
- Facilities that provide hospice care for terminally ill patients
- Homes for the care of the elderly
- Facilities to treat and rehabilitate patients with alcohol or drug addictions (substance use disorder)
- Facilities that treat patients with tuberculosis

Mental Health Care, Behavioral Health, and Substance Use Disorder

This plan covers mental health care and treatment for substance use disorder. This plan will also cover alcohol and drug services from a state-approved treatment program. You must also get these services in the lowest cost type of setting that can give you the care you need. When medically appropriate, services may be provided in your home. This plan will comply with federal mental health parity requirements. Outpatient therapeutic visits can include real-time visits with your doctor or other provider via telephone, online chat or text, or other electronic methods (virtual care). Please call customer service for help in finding a physician approved to provide these services.

Some services require prior authorization. See ***Prior Authorization*** for details.

Mental Health Care

This benefit covers:

- Inpatient, residential treatment and outpatient care (including virtual care) to manage or reduce the effects of the mental condition
- Individual or group therapy
- Family therapy as required by law
- Lab and testing
- Take-home drugs you get in a facility

In this benefit, outpatient visit means a clinical treatment session with a mental health provider.

Substance Use Disorder (also called "Chemical Dependency")

This plan covers all of the following services:

- Inpatient and residential treatment and outpatient care (including virtual care) to manage or reduce the effects of the alcohol or drug dependence
- Individual, family or group therapy
- Lab and testing
- Take-home drugs you get in a facility

To be covered, mental health care, behavioral health care and substance use disorder treatment must be provided by:

- A physician (MD or DO) who is a psychiatrist, developmental pediatrician, or pediatric neurologist
- A hospital
- A state hospital maintained by the state of Washington for the care of the mentally ill.
- A state-licensed psychiatric nurse practitioner (NP), advanced nurse practitioner (ANP) or advanced registered nurse practitioner (ARNP)
- A state-licensed mental health clinician (e.g., licensed clinical social worker, licensed marriage and family counselor, licensed mental health counselor)
- A state-licensed occupational or speech therapist
- A state-licensed psychologist
- A state-licensed community mental health agency or behavioral health agency
- Behavioral health facilities that are accreditation by the Joint Commission, the Commission on Accreditation of Rehabilitation Facilities (CARF), or the Council of Accreditation (COA), only when the state does not require licensure for the specific level of care.

Behavioral Health (also called "Applied Behavioral Analysis (ABA) Therapy")

This plan covers applied behavioral analysis (ABA) therapy. The member must be diagnosed with one of the following disorders:

- Autistic disorder
- Autism spectrum disorder
- Asperger's disorder
- Childhood disintegrative disorder
- Pervasive developmental disorder
- Rett's disorder

Covered ABA therapy includes treatment or direct therapy for identified members and/or family members. Also covered are an initial evaluation and assessment, treatment review and planning, supervision of therapy assistants, and communication and coordination with other providers or school staff as needed. Delivery of all ABA services for a member may be managed by a Board-Certified Behavior Analyst (BCBA) or one of the licensed providers below, who is called a Program Manager. Covered ABA services are limited to activities that are considered to be behavior assessments or interventions using applied behavioral analysis techniques. ABA therapy must be provided by:

- A licensed physician (MD or DO) who is a psychiatrist, developmental pediatrician or pediatric neurologist
- A licensed psychiatric nurse practitioner (NP), advanced nurse practitioner (ANP) or advanced registered nurse practitioner (ARNP)
- A licensed occupational or speech therapist
- A licensed psychologist (Ph.D.)
- A licensed community mental health agency or behavioral health agency that is also state-certified to provide ABA therapy.
- A Board-Certified Behavior Analyst (BCBA). This means a provider who is state-licensed if the State licenses behavior analysts and if not, who is certified by the Behavior Analyst Certification Board. BCBAs are only covered for ABA therapy that is within the scope of their license or board certification.
- A therapy assistant/behavioral technician/paraprofessional, when their services are supervised and billed by a licensed provider or a BCBA.

The Mental Health, Behavioral Health and Substance Use Disorder benefit does not cover:

- Treatment of sexual dysfunctions
- EEG biofeedback or neurofeedback
- Outward bound, camping or tall ship programs or activities
- Mental health tests that are not used to assess a covered mental condition or plan treatment. This plan does not cover tests to decide legal competence or for school or job placement

Maternity and Newborn Care

This plan covers health care providers and facility charges for prenatal care, delivery and postnatal care. Hospital stays for maternity and newborn care are not limited to less than 48 hours for a vaginal delivery or less than 96 hours following a cesarean section. A length of stay that will be longer than these limits must be authorized in writing. See ***Prior Authorization*** for details.

Newborn children are covered automatically for the first 3 weeks from birth when the mother is eligible to receive obstetrical care benefits under this plan.

To continue benefits beyond the 3-week period see the dependent eligibility and enrollment guidelines outlined under ***Eligibility and Enrollment***.

This benefit covers:

- Abortion
- Prenatal and postnatal care and screenings (including in utero care)
- Home birth services, including associated supplies, provided by a licensed health care provider who is working within their license and scope of practice
- Nursery services and supplies for newborn
- Genetic testing of the child's father is covered

- Medically necessary donor human milk obtained from a milk bank for inpatient use when ordered by licensed healthcare provider.

This benefit does not cover:

- Outpatient x-ray, lab and imaging. These services are covered under ***Diagnostic, X-ray, Lab and Imaging***.
- Home birth services provided by family members or volunteers

At-Home Care

This section will go over the two main types of at-home care:

- Home health care (which is occasional and short-term)
- Skilled hourly nursing (which is intensive and continual care)

Home Health Care

Home health care is occasional visits by a medical professional employed by a home health agency that is state-licensed or Medicare-certified. This short-term care is designed to help a patient prevent or recover from an illness, injury, or hospital stay.

Home health care provided by licensed home health, hospice and home care agencies may be substituted as an alternative to hospitalization or inpatient care if hospitalization or inpatient care is medically necessary and home health care:

- can be provided at equal or lesser cost;
- is the most appropriate and cost-effective setting; and
- is substituted with the consent of the member and upon the recommendation of the member's doctor or licensed provider which will adequately meet the member's needs.

The decision to substitute less expensive or less intensive services shall be made based on the medical needs of the member. We may require a written treatment plan that has been approved by the member's doctor or licensed provider. Substituted home health care benefits available for hospital care or other inpatient care services are covered as stated in the ***Summary of Your Costs***.

The following are covered under the Home Health Care benefit:

- Home medical equipment, supplies, and devices billed as part of the home visit.
- Prescription drugs given by the home health agency.
- Physical, occupational, or speech therapy to help regain function.

When provided by a home health agency, the following are covered:

- A registered nurse
- A licensed practical nurse
- A licensed physical or occupational therapist
- A certified speech therapist
- A certified respiratory therapist
- A home health aide directly supervised by one of the above listed providers
- A licensed social worker

Skilled Hourly Nursing

Skilled hourly nursing is continuous, daily care for homebound patients with oversight by a home health agency. This longer-term care is designed to help patients with a chronic illness, injury, or disability.

- This benefit is only covered when it's an alternative to hospitalization.
- Prior authorization is required.
- A written plan of care from your provider is required.

Benefits are provided by a registered nurse or licensed practitioner when:

- The patient is homebound,
- Services are medically necessary, and
- Such care is prescribed by a physician.

The Home Health Care and Skilled Hourly Nursing benefits do not cover:

- Over-the-counter drugs, solutions, nutritional supplements
- Non-medical services, like housekeeping
- Services that bring you food, such as Meals on Wheels, or advice about food
- The independent hiring of a nurse by a family or member to provide care without oversight by a home health agency.
- Private duty or 24-hour nursing care. Private duty nursing is the independent hiring of a nurse by a family or member to provide care without oversight by a home health agency. The care may be skilled, supportive or respite in nature.

Hospice Care

A hospice care program must be provided in a hospice facility or in your home by a hospice care agency or program.

This benefit covers:

- Nursing care provided by or under the supervision of a registered nurse
- Medical social services provided by a medical social worker who is working under the direction of a physician; this may include counseling for the purpose of helping you and your caregivers to adjust to the approaching death
- Services provided by a qualified provider associated with the hospice program
- Short term inpatient care provided in a hospice inpatient unit or other designated hospice bed in a hospital or skilled nursing facility; this care may be for the purpose of occasional respite for your caregivers, or for pain control and symptom management
- Home medical equipment, medical supplies and devices, including medications used primarily for the relief of pain and control of symptoms related to the terminal illness
- Home health aide services for personal care, maintenance of a safe and healthy environment and general support to the goals of the plan of care
- Rehabilitation therapies provided for purposes of symptom control or to enable you to maintain activities of daily living and basic functional skills
- Continuous home care during a period of crisis in which you require skilled intervention to achieve palliation or management of acute medical symptoms

This benefit does not cover:

- Over-the-counter drugs, solutions and nutritional supplements
- Services provided to someone other than the ill or injured member
- Services provided by family members or volunteers
- Services, supplies or providers not in the written plan of care or not named as covered in this benefit
- Non-medical services, such as spiritual, bereavement, legal or financial counseling
- Normal living expenses, such as food, clothing, and household supplies; housekeeping services
- Services that provide food, such as Meals on Wheels or advise about food

Rehabilitation and Neurodevelopmental (Habilitation) Therapy

This plan covers rehabilitation and neurodevelopmental (habilitation) therapy. Services must be provided by a licensed physical therapist, occupational therapist, speech language pathologist or a licensed qualified provider. Services must be prescribed in writing by your provider. The prescription must include site, type of therapy, how long and how often you should get the treatment.

Rehabilitative therapy is therapy that helps get a part of the body back to normal health or function. It includes therapy to restore or improve a function that was lost because of an accidental injury, illness or surgery.

Neurodevelopmental (habilitation) therapy is therapy that helps a person keep, learn or improve skills and functioning for daily living. Examples are therapy for a child who isn't walking or talking at the expected age. These services may include physical and occupational therapy, speech-language pathology, aural (hearing) therapy, and other services for people with disabilities in a variety of inpatient and/or outpatient settings, including school-based settings.

See ***Mental Health Care, Behavioral Health, and Substance Use Disorder*** for therapies provided for mental health conditions such as autism.

Day limits listed in the ***Summary of Your Costs*** and prior authorization requirements stated below under outpatient care do not apply to cancer, chronic pulmonary or respiratory disease, cardiac disease or other similar chronic conditions or disease.

Inpatient Care

You can get inpatient care in a specialized rehabilitative unit of a hospital. If you are already inpatient, this benefit will start when your care becomes mainly rehabilitative.

You must get prior authorization from us before you get inpatient treatment. See ***Prior Authorization*** for details.

This plan covers inpatient rehabilitative therapy only when it meets these conditions:

- You cannot get these services in a less intensive setting
- Services must be prescribed in writing by your provider

Outpatient Care

This plan covers outpatient rehabilitative services only when it meets these conditions:

This benefit covers:

- Physical, speech, hearing and occupational therapies
- Cochlear implants
- Chronic pain care
- Cardiac and pulmonary therapy
- Cochlear implants
- Home medical equipment, medical supplies and devices

This benefit does not cover:

- Recreational, vocational or educational therapy
- Exercise or maintenance-level programs
- Social or cultural therapy
- Treatment that the ill, injured or impaired member does not actively take part in
- Gym or swim therapy
- Custodial care
- Therapy for flat feet except to help you recover from surgery to correct flat feet

Skilled Nursing Facility Care

This plan covers skilled nursing facility care. Covered services include room and board for a semi-private room, plus services, supplies and drugs you get while confined in a skilled nursing facility. Sometimes a member goes from acute nursing care to skilled nursing care without leaving the hospital. When that happens, this benefit starts on the day that the care becomes primarily skilled nursing care.

Skilled nursing care is covered only during certain stages of recovery. It must be a time when inpatient hospital care is no longer medically necessary, but care in a skilled nursing care facility is medically necessary. Your provider must actively supervise your care while you are in the skilled nursing facility.

We cover skilled nursing care provided following hospitalization at the long-term care facility where you were residing immediately prior to your hospitalization when your primary care provider determines that the medical care you need can be provided at that facility, and that facility satisfies our standards, terms and conditions for long-term care facilities, accepts our rates, and has all applicable licenses and certifications.

You must get prior authorization before you get treatment. See ***Prior Authorization*** and ***Definitions*** for details.

Home Medical Equipment (HME), Supplies, Devices, Prosthetics and Orthotics

Services must be prescribed by your provider. Documentation must be provided which includes; the prescription stating the diagnosis, the reason the service is required and an estimate of the duration of its need. For this benefit, this includes services such as prosthetic and orthotic devices, oxygen and oxygen supplies, diabetic supplies, wheelchairs and treatment of inborn errors of metabolism.

Prior Authorization is required for some medical supplies/devices, home medical equipment, prosthetics and orthotics. See ***Prior Authorization***.

Home Medical Equipment (HME)

This plan covers rental of medical and respiratory equipment (including fitting expenses), not to exceed the purchase price, when medically necessary and prescribed by a provider for therapeutic use in direct treatment of a covered illness or injury. Benefits may also be provided for the initial purchase of equipment, in lieu of rental. In cases where an alternative type of equipment is less costly and serves the same medical purpose. We will provide benefits only up to the lesser amount. Repair or replacement of medical or respiratory equipment medically necessary due to normal use or growth of a child is covered.

Medical and respiratory equipment includes, but is not limited to, wheelchairs, hospital-type beds, traction equipment, ventilators and diabetic equipment such as blood glucose monitors, insulin pumps and accessories to pumps and insulin infusion devices (including any sales tax).

Medical Supplies

Medical supplies include, but are not limited to medically necessary prescription dressings, braces, splints, rib belts and crutches, as well as related fitting expenses. Covered Services also include the following diabetic care supplies such as blood glucose monitor, insulin pump (including accessories), and insulin infusion devices.

Medical Vision Hardware

This plan covers medical vision hardware including eyeglasses, contact lenses and other corneal lenses for members age 19 and older when such devices are required for the following:

- Aniridia
- Aniseikonia
- Anisometropia
- Aphakia
- Bullous keratopathy
- Congenital cataract
- Corneal disorders
- Corneal ulcer, abrasion, or recurrent erosion
- Irregular astigmatism
- Keratoconus
- Pathological myopia
- Post-traumatic disorders
- Progressive high (degenerative) myopia
- Sjogren’s disease
- Tear film insufficiency

Medical vision hardware for members under age 19 is covered for all medically necessary diagnosis. See ***Pediatric Vision Services***.

Prosthetics and Orthotic Devices

Benefits for external prosthetic devices (including fitting expenses) are covered when such devices are used to replace all or part of an absent body limb or to replace all or part of the function of a permanently inoperative or malfunctioning body organ. Benefits will only be provided for the initial purchase of a prosthetic device, unless the existing device cannot be repaired. Replacement devices must be prescribed by a provider because of a change in your physical condition.

Shoe Inserts and Orthopedic Shoes

Benefits are provided for medically necessary shoes, inserts or orthopedic shoes. Covered services also include training and fitting. Benefits are provided as shown in ***Summary of Your Costs***.

This benefit does not cover:

- Hypodermic needles, lancets, test strips, testing agents and alcohol swabs. These services are covered under ***Prescription Drugs***.
- Supplies or equipment not primarily intended for medical use
- Special or extra-cost convenience features
- Items such as exercise equipment and weights
- Over bed tables, elevators, vision aids and telephone alert systems
- Over the counter orthotic braces and or cranial banding
- Non wearable defibrillator, trusses and ultrasonic nebulizers
- Blood pressure cuff/monitor (even if prescribed by a provider)
- Bed-wetting (enuresis) alarm
- Compression stockings which do not require a prescription
- Structural modifications to your home and/or personal vehicle
- Orthopedic appliances prescribed primarily for use during participation of a sport, recreation or similar activity
- Penile prostheses
- Hair prostheses, such as wigs or hair weaves, transplants and implants
- Prosthetics, intraocular lenses, appliances or devices requiring surgical implantation. These items are covered under ***Surgery***. Items provided and billed by a hospital are covered under ***Hospital*** for inpatient and outpatient care.

OTHER COVERED SERVICES

The services listed in this section are covered as shown in ***Summary of Your Costs***.

Acupuncture, Massage Therapy, Naturopathic Visits and Spinal Manipulation

Benefits that are medically necessary to treat a covered illness, injury, or condition.

Allergy Testing and Treatment

This plan covers allergy tests and treatments. Covered services include testing, shots given at the doctor’s office, serums, needles and syringes.

Blood Products and Services

Blood components and services, like blood transfusion, which are provided by a certified or licensed health care provider.

This benefit covers:

- Blood products and services that either help with prevention or diagnosis and treatment of an illness, disease, or injury.

Virtual Care

On-demand virtual care that connects you to providers. Benefits are provided for services for low-level conditions using virtual methods like secure chat, text, voice or video chat. Virtual care select providers can be found at https://students.lifewiseac.com/uw/gaip/find-a-doctor.aspx or contract LifeWise customer service for assistance.

Chemotherapy, Radiation Therapy and Dialysis

This benefit covers:

- Outpatient chemotherapy and radiation therapy services
- Dialysis treatments in an outpatient facility or hospital setting or in your home
- Tooth extractions to prepare your jaw for radiation therapy
- Supplies, solutions and drugs used during chemotherapy or radiation visit (See ***Prescription Drugs*** for oral chemotherapy drugs)

You may need prior authorization before you get treatment. See the detailed list at students.lifewiseac.com/uw/gaip.

Clinical Trials

This plan covers the routine costs of a qualified clinical trial. Routine costs are the medically necessary care that is normally covered under this plan for a member who is not enrolled in a clinical trial. The trial must be appropriate for your health condition and you must be enrolled in the trial at the time of treatment for which coverage is requested.

Benefits are based on the type of service you get. For example, benefits for an office visit are covered under ***Office and Clinic Visits*** and lab tests are covered under ***Diagnostic X-ray, Lab, and Imaging***.

A qualified clinical trial means a phase I, II, III or IV clinical trial that is conducted in relation to the prevention, diagnosis or treatment of cancer or other life-threatening disease or conditions, and it is either federally funded or approved, conducted under FDA investigational new drug application, or drug trial exempt from FDA investigational new drug application.
The study must be approved by an institutional review board that complies with federal standards for protecting human research subjects and one or more of the following:

- The US Department of Health and Human Services, National Institutes of Health, or its institutes or centers.
- The United States Food and Drug Administration (FDA).
- The US Departments of Veterans Affairs or Defense.
- An institutional review board in this state that has a multiple project assurance contract approval by the Office of Protection for the Research Risks of the National Institutes of Health.
- A qualified research entity that meets the criteria for National Institutes of Health Center Support Grant eligibility.
- A National Institutes of Health (NIH) cooperative group or center that is a formal network of facilities that collaborate on research projects and have an established NIH-approved peer review program operating within the group including, but not limited to, the NCI Clinical Cooperative Group and the NCI Community Clinical Oncology Program.

A “clinical trial” does not include expenses for:

- Costs for treatment outside patient care
- Travel, housing, and meal costs related to trial
- The drug, device or service being tested by the trial
- Services that are not consistent with established standards of care for a certain condition
- Services, supplies or pharmaceuticals that would not be charged to the member, if there were no coverage.
- Services provided to you in a clinical trial that are fully paid for by another source
- Services that are not routine costs normally covered under this plan

We encourage you or your provider to call customer service before you enroll in a clinical trial. We can help you verify that the clinical trial is a qualified clinical trial.

Dental Injury and Facility Anesthesia

This section will go over two types of dental care:

- Dental Care for medical injuries
- Anesthesia for routine dental care when medically necessary

Dental Injuries

This benefit covers exams and treatments of injuries to the gum, tooth, and jaw; and oral surgery when related to an accident/injury and is medically necessary.

This benefit covers:

- Exams
- Consultations
- Treatment of dental injuries to teeth, gum, and jaw
- Oral surgery

Services are covered when all of the following are true:

- Treatment of dental injuries are covered within 12 months of the injury. If more time is needed, ask your provider to contact Customer Service.
- Treatments for an injury can result in multiple charges for things like facility, exams, and tests used to diagnose your condition. You may receive separate bills for each charge.
- This benefit covers sound and natural teeth that:

- Do not have decay
- Do not have a large number of restorations, such as crowns or bridge work
- Do not have gum disease or any condition that would make them weak

- Sound natural tooth means a tooth that:
  - Is organic and formed by the natural development of the body (not manufactured)
  - Hasn't been extensively restored
  - Hasn't become extensively decayed or involved in periodontal disease
  - Isn't more susceptible to injury than a whole natural tooth

Anesthesia for Routine Dental Care

Anesthesia for routine dental care is covered for any one of the following reasons when medically necessary:

- The member is under age 19 and failed patient management in the dental office.
- The member has a disability, medical, or mental health condition making it unsafe to have care in a dental office.
- The severity and extent of the dental care prevents care in a dental office.

This benefit covers:

- Hospital or other facility care
- General anesthesia provided by an anesthesia professional other than the dentist or the physician performing the dental care

This benefit does not cover:

- Routine dental care, including the professional charges of the dentist or services received in the dental office

Foot Care

This benefit covers the following medically necessary foot care services that require care from a provider:

- Foot care for members with impaired blood flow to the legs and feet when it puts the member at risk
- Treatment of corns, calluses and toenails

This benefit doesn't cover routine foot care such as trimming nails or removing corns and calluses that do not need care from a provider.

Gender Affirming Care

Benefits for medically necessary services and care related to gender-affirming medical care or surgery are subject to the same cost shares that you would pay for inpatient or outpatient treatment for other covered medical conditions, for all ages. Gender transition or affirmation is the process of changing the gender characteristics a person was born with to the gender characteristics with which a person identifies. To find the amounts you are responsible for, see ***Summary of Your Costs*** earlier in this booklet.

Benefits are provided for gender affirming care surgical services which meet the requirements of LifeWise's medical policy, including facility and anesthesia charges related to the surgery. Our medical policies are available from customer service, or at students.lifewiseac.com/uw/gaip. For more information, visit students.lifewiseac.com/lgbtq-health. If you can't find an in-network provider or need information about what services are covered under this plan, call customer service.

This benefit does not cover:

- Procedures that are not medically necessary for gender affirming surgery
- Surgery to change the appearance of prior gender change procedures, except when medically necessary
- For mental health services, see ***Mental Health Care***.
- Hormone treatments are covered under the ***Prescription Drugs*** benefit.
- For covered surgery benefits not part of gender affirming care, see ***Surgery***.

Hearing Care

This plan covers hearing supplies and procedures if medically necessary.

Infusion Therapy

This benefit is provided for outpatient professional services, supplies, drugs and solutions required for infusion therapy. Infusion therapy (also known as intravenous therapy) is the administration of fluids into a vein by means of a needle or catheter, most often used for the following purposes:

- To maintain fluid and electrolyte balance
- To correct fluid volume deficiencies after excessive loss of body fluids
- Members that are unable to take sufficient volumes of fluids orally
- Prolonged nutritional support for members with gastrointestinal dysfunction

This benefit does not cover:

- Over-the-counter drugs, solutions and nutritional supplements.

Medical Foods

Nutrients given orally or via feeding tube to provide complete nutrition when a person can't eat, swallow, or otherwise absorb foods, due to a specific medical condition, for example phenylketonuria (PKU). Medical foods must be prescribed and supervised by doctors or other health care providers.

This benefit covers dietary replacement to treat:

- Inborn errors of metabolism
- A severe allergy to most foods based on white blood cells in the stomach and intestine that cause inflammation (eosinophilic gastrointestinal associated disorder)
- Other severe conditions when your body can't take in nutrients from food in the small intestine
- Disorders where you can't swallow due to a blockage or muscular problem and need to be fed through a tube

This benefit does not cover:

- Food and nutritional supplements, and specialized infant formulas (other than those prescribed to treat the conditions listed above)
- Lactose-free or gluten-free foods

Mastectomy and Breast Reconstruction

Benefits are provided for mastectomy necessary due to disease, illness or injury. This benefit covers:

- All stages of Reconstruction of the breast on which mastectomy has been performed
- Surgery and reconstruction of the other breast to produce a symmetrical appearance
- Prostheses (including bras)
- Physical complications of all stages of mastectomy, including lymphedemas

If you would like more information on WHCRA benefits please go to **www.dol.gov/ebsa/publications/whcra.html**.

Temporomandibular Joint (TMJ) Disorders

Services for TMJ are provided as shown in the ***Summary of Your Costs***. Services must be medically necessary to treat a covered illness, injury or condition.

"Medical Services" for the purpose of this TMJ benefit are those that meet all of the following requirements:

- Reasonable and appropriate for the treatment of a disorder of the temporomandibular joint, under all the factual circumstances of the case
- Effective for the control or elimination of one or more of the following, caused by a disorder of the temporomandibular joint: pain, infection, disease, difficulty in speaking, or difficulty in chewing or swallowing food
- Recognized as effective, according to the professional standards of good medical practice
- Not experimental or investigational, according to the criteria stated under ***Definitions***, or primarily for cosmetic purposes.

"Dental Services" for the purpose of this TMJ benefit are those that meet all of the following requirements:

- Reasonable and appropriate for the treatment of a disorder of the temporomandibular joint, under all the factual circumstances of the case
- Effective for the control or elimination of one or more of the following, caused by a disorder of the temporomandibular joint: pain, infection, disease, difficulty in speaking, or difficulty in chewing or swallowing food

- Recognized as effective, according to the professional standards of good dental practice
- Not experimental or investigational, according to the criteria stated under ***Definitions***, or primarily for cosmetic purposes

Therapeutic Injections

This plan covers therapeutic injections given at the doctor's office, including serums, needles and syringes.

Transplants

This plan covers transplant services when they are provided at an Approved Transplant Center. An Approved Transplant Center is a hospital or other provider that has developed expertise in performing organ transplants or bone marrow or stem cell reinfusion.

We have agreements with Approved Transplant Centers in Washington, and we have access to a special network of Approved Transplant Centers around the country. Whenever medically possible, we will direct you to an Approved Transplant Center that we've contracted with for transplant services.

No waiting or exclusion periods apply for coverage of transplant services. Please call us as soon as you learn you need a transplant.

Covered Transplants

This plan covers only transplant procedures that are not considered experimental or investigative for your condition. Solid organ transplants (including live donor, cadavers and artificial organs) and bone marrow/stem cell reinfusion procedures must meet coverage criteria. We review the medical reasons for the transplant, how effective the procedure is and possible medical alternatives.

These are the types of transplants and reinfusion procedures that meet our medical policy criteria for coverage:

- Heart
- Heart/double lung
- Single lung
- Double lung
- Liver
- Kidney
- Pancreas
- Pancreas with kidney
- Bone marrow (autologous and allogeneic)
- Stem cell (autologous)

Under this benefit, transplant does not include cornea transplant or skin grafts. It also does not include transplants of blood or blood derivatives (except bone marrow or stem cells). These procedures are covered the same way as other covered surgical procedures.

Recipient Costs

Benefits are provided for services from an Approved Transplant Center and related professional services. This benefit also provides coverage for anti-rejection drugs given by the transplant center.

Covered services consist of all phases of treatment:

- Evaluation
- Pre transplant care
- Transplant
- Follow up treatment

Donor Costs

This benefit covers donor or procurement expenses for a covered transplant. Covered services include:

- Selection, removal (harvesting) and evaluation of the donor organ, bone marrow or stem cell
- Transportation of the donor organ, bone marrow or stem cells, including the surgical and harvesting teams
- Donor acquisition costs such as testing and typing expenses

- Storage costs for bone marrow and stem cells for up to 12 months

Transportation and Lodging

This benefit covers costs for transportation and lodging for the member getting the transplant (while not confined), not to exceed three (3) months. The member getting the transplant must live more than 50 miles from the facility, unless treatment protocols require them to remain closer to the transplant center.

Travel Allowances: Travel is reimbursed between the patient's home and the facility for round trip (air, train, or bus) transportation costs (coach class only). If traveling by auto to the facility, mileage, parking and toll costs are reimbursed. Mileage reimbursement will be based on the current IRS medical mileage reimbursement. Please refer to the IRS website http://www.irs.gov for current rates.

Lodging Allowances: Expenses incurred by a transplant patient and companion for hotel lodging away from home is reimbursed based on current IRS guidelines.

Companions:

- Adult Patient – 1 companion is permitted.
- Child Patient – 2 parents or guardians are permitted

Non-Covered Expenses

- Alcohol/tobacco
- Car rental
- Entertainment (e.g., movies, visits to museums, additional mileage for sightseeing, etc.)
- Expenses for persons other than the patient and their covered companion
- Meals
- Personal care items (e.g., shampoo, deodorant, etc.)
- Souvenirs (e.g., T-shirts, sweatshirts, toys, etc.)
- Telephone calls

Vision for Adults

See ***Summary of Your Costs*** for cost shares and benefit limits. For vision exams and hardware for a child under age 19, see ***Pediatric Vision Services***.

Vision Exams

Covered services for adult vision exams include:

- Examination of the outer and inner parts of the eye
- Evaluation of vision sharpness (refraction)
- Binocular balance testing
- Routine tests of color vision, peripheral vision and intraocular pressure
- Case history and recommendations

For vision exams and testing related to medical conditions of the eye, see ***Professional Visits and Services***.

Some clinics that are based in or owned by a hospital will charge a separate facility fee for all physician visits, including routine vision exams. Benefits for these fees will be subject to your deductible and coinsurance, if any.

The Vision Exams benefit doesn't cover vision hardware or fitting examinations for contact lenses or eyeglasses.

Vision Hardware

Benefits for vision hardware for members 19 or older are provided when all of the requirements listed below are met:

- They must be prescribed and furnished by a licensed or certified vision care provider
- They must be named in this benefit as covered
- They must not be excluded from coverage under this plan

The benefit covers:

- Prescription eyeglass lenses (single vision, bifocal, trifocal, progressive), quadrafocal or lenticular)
- Frames for eyeglasses

- Prescription contact lenses (soft, hard or disposable)
- Prescription safety glasses
- Prescription sunglasses
- Special features, such as tinting or coating
- Fitting of eyeglass lenses to frames
- Fitting of contact lenses to the eyes

Vision hardware benefits are based on the "allowed amount," see ***Important Plan Information*** for covered services and supplies. Charges for vision services or supplies that exceed what's covered under this benefit aren't covered under other benefits of this plan.

This benefit will cover services and supplies (including hardware) received after your coverage under this benefit has ended when all of the following requirements are met:

- You ordered covered contact lenses, eyeglass lenses and/or frames before the date your coverage under this benefit or plan ended
- You received the contact lenses, eyeglass lenses and/or frames within 30 days of the date your coverage under this benefit or plan ended

This benefit does not cover:

- Services or supplies that aren't named above as covered or that are covered under other provisions of this plan. See the Medical Vision Hardware subsection of the Home Medical Equipment (HME), Orthotics, Prosthetics And Supplies benefit for hardware coverage for certain conditions of the eye.
- Non-prescription eyeglasses or contact lenses, or other special purpose vision aids (such as magnifying attachments), light-sensitive lenses, or smart glasses (such as augmented reality glasses), even if prescribed

Dental for Adults (age 19 and older)

Coverage is available for a covered dental condition for members age 19 and older. For dental care for a child under age 19 see ***Pediatric Dental Services***. For accidental injury of teeth, gums or jaw, see ***Dental Injury and Facility Anesthesia***. Such services must meet all of the following requirements:

- They must be medically necessary (See ***Definitions***)
- They must be furnished by a licensed dentist (DMD or DDS) or denturist. Services may also be provided by a dental hygienist under the supervision of a licensed dentist, or other individual, performing within the scope of their license or certification, as allowed by law.
- They must not be excluded from coverage under this benefit

Dental care coverage includes the following:

Preventive & Diagnostic Care

The dental plan covers these diagnostic services at 100%:

- Complete series of x-rays (four bitewing x-rays and up to 10 periapical x-rays) or panoramic x-rays once every three policy years; supplementary bitewing x-rays once every six months
- Emergency exams (unlimited visits)
- Exam by a specialist in an American Dental Association recognized specialty (unlimited visits)
- Routine exam, up to two times each plan year.

The plan covers the following preventive services at 100%:

- Prophylaxis (cleaning), up to two times each plan year
- Space maintainers, when used to maintain space for eruption of permanent teeth.

Minor Services

Restorative

The dental plan covers these restorative benefits at 80% after you meet the deductible:

- Amalgam, composite or filled resin restorations (fillings) to treat carious lesions (visible destruction of hard tooth structure from dental decay) or fracture resulting in significant loss of tooth structure (missing cusp), once every two plan years for the same surfaces of each tooth

- Stainless steel crowns once every two plan years (refer to Major Services if teeth are restored with crowns, inlays or onlays).
- Occlusal guard (nightguard) is limited to once every 36 consecutive months. Occlusal guard repair, reline and adjustments are limited to once every 12 consecutive months when services are performed done 6 or more months after initial placement of occlusal guard.

Oral Surgery

The plan covers the following oral surgery benefits at 80% after you meet the deductible:

- General anesthesia/intravenous sedation
- Preparation of the alveolar ridge and soft tissue of the mouth to insert dentures
- Removal of teeth and surgical extractions
- Treatment of pathological conditions and traumatic facial injuries.

Periodontics

The plan covers these periodontic benefits at 80% after you meet the deductible:

- General anesthesia/intravenous sedation
- Gingivectomy and limited adjustments to occlusion (eight or fewer teeth, once every 12 months)
- Root planing (once every 12 months)
- Surgical and nonsurgical procedures to treat the tissues supporting the teeth.

Endodontics

The plan covers these endodontic benefits at 80% after you meet the deductible:

- General anesthesia/intravenous sedation
- Pulpal and root canal treatment (once every two plan years on the same tooth); refer to Major Services if the root canals are in conjunction with a prosthetic appliance
- Pulp exposure treatment, pulpotomy and apicoectomy.

Osseous and Mucogingival Surgery

The plan covers these endodontic benefits at 80% after you meet the deductible:

- Osseous surgery, which includes gingivectomy, gingivoplasty, and gingival flap procedures

Major Services

Major Restorative

Once you meet the deductible, the dental plan pays 50% of covered charges for:

- Crowns
- Inlays (only when used as an abutment for a fixed bridge)
- Onlays (gold, porcelain or plan-approved gold substitute casting, except processed resin)
- Combinations of the above.

All these treatments must be for carious lesions (visible destruction of hard tooth structure from dental decay) or fracture resulting in significant loss of tooth structure (missing cusp), when filling materials such as amalgam or filled resins can’t reasonably restore the tooth.

Crowns, inlays or onlays on the same teeth are covered once every five plan years. (Inlays are covered on the same teeth once every five plan years only when used as an abutment for a fixed bridge.)

If a tooth can be restored with filling materials such as amalgam or filled resin, the plan will pay an allowance toward any other type of restoration. The plan will allow the appropriate amount for an amalgam or composite restoration toward the cost of processed filled resin or processed composite restorations

Prosthodontics

The plan covers these prosthodontic benefits at 50% after you meet the deductible:

- Denture adjustments and relines done more than six months after the initial placement, except as noted below for temporary/interim dentures (subsequent relines and jump rebases, but not both, will be covered once every 12 months)

- Dentures, fixed bridges, removable partial dentures and adjustment or repair of an existing prosthetic device once every five plan years (only if it is unserviceable and cannot be made serviceable)
- Root canal treatment performed in conjunction with overdentures, limited to two teeth/arch

In the following instances, the plan lets you apply the allowed amount for one service toward the cost of another:

- Full, immediate and overdentures – Cost may be applied toward any other procedure, such as personalized restorations or specialized treatment
- Partial dentures – Cast chrome and acrylic partial denture cost may be applied toward any other procedure if a more elaborate or precision device is used to restore the cast
- Temporary/interim dentures – Reline cost may be applied toward an interim partial or full denture; after placement of the permanent prosthesis, an initial reline will be covered after 12 months.

The following Diagnostic & Preventive Care Services and supplies are not covered:

- Caries susceptibility tests
- Cleaning of a prosthetic appliance
- Consultations
- Diagnostic services/x-rays related to temporomandibular joints (jaw joints). See the ***Temporomandibular Joint (TMJ) Disorders*** benefit for additional coverage information.
- Oral hygiene instruction, dietary instruction or home fluoride kits
- Plaque control programs
- Replacement of a space maintainer previously paid for by the plan
- Study models.

The following Minor Services are not covered:

- Bleaching of teeth
- Crowns as part of periodontal therapy or periodontal appliances
- Gingival curettage
- Iliac crest or rib grafts to alveolar ridges
- Major (complete) occlusal adjustment
- Overhang removal or re-contouring or polishing of restoration
- Periodontal splinting or crown and bridgework in conjunction with periodontal splinting
- Restorations necessary to correct vertical dimension or to alter morphology (shape) or occlusion
- Ridge extension for insertion of dentures (vestibuloplasty)
- Tooth transplants.

The following Major Services and supplies are not covered:

- Crowns or copings in conjunction with overdentures
- Crowns or onlays placed because of weakened cusps or existing large restorations without overt pathology
- Crowns used as an abutment to a partial denture for re-contouring, repositioning or providing additional retention, unless the tooth is decayed to the extent a crown would be required to restore the tooth whether or not a partial denture is required
- Crowns used to repair micro-fractures of tooth structure when the tooth is asymptomatic (displays no symptoms) or existing restorations with defective margins when no pathology (disease) exists
- Duplicate dentures
- Personalized dentures
- Implants and implant related services

Additional Adult Dental Exclusions:

- All other services not specifically named in the plan as covered
- Analgesics such as nitrous oxide, conscious sedations, euphoric drugs, injections and prescriptions drugs
- Application of desensitizing agents

- Benefits payable under any automobile medical, personal injury protection, automobile no-fault, homeowner, commercial premises coverage or similar contract or insurance, whether or not you apply for those benefits (reimbursement to the plan will be made without reduction for any attorney's fees)
- Broken appointments
- Completing insurance forms
- Conditions compensable under Workers' Compensation or employers' liability laws
- Cosmetic dentistry
- Experimental services or supplies
- General anesthesia/intravenous (deep) sedation, except as specified by the plan for certain oral, periodontal or endodontic surgical procedures
- Habit-breaking appliances or orthodontic services or supplies
- Hospitalization charges or any additional dentist fees for hospital treatment
- Patient management problems
- Restorations or appliances necessary to correct vertical dimension or to restore the occlusion, such as restoration of tooth structure lost from attrition, abrasion or erosion or restorations for malalignment of teeth
- Services provided by any federal, state or provincial government agency or provided without cost by any municipality, county or other political subdivision (other than medical assistance in the State of Washington, under medical assistance RCW 74.09.500, or in any other state, under 42 U.S.C., Section 1396a section 1902 of the Social Security Act)
- Skeletal irregularities of one or both jaws, including orthognathia and mandibular retrognathia; temporomandibular joint dysfunction; nasal and sinus surgery. See the ***Temporomandibular Joint (TMJ) Disorders*** and ***Surgery*** benefits for additional coverage information.

Emergency Medical Evacuation and Repatriation of Remains

Benefits will be provided for you and your insured dependents (including insured international students on non-immigration visas and their eligible insured dependents).

Emergency Medical Evacuation

The plan will pay 100% of the actual expense up to a per evacuation maximum of $50,000 to transport you to your home country or country of regular domicile. Evacuation must be recommended and approved by the attending physician. Emergency Medical Evacuation means after being treated at a local Hospital, your medical condition warrants transportation to your home country to obtain further medical treatment to recover. Covered Expenses are Expenses up to the maximum for transportation, medical services and medical supplies necessarily incurred in connection with your Emergency Medical Evacuation. All transportation arrangements made for your evacuation must be:

- By the most direct and economical conveyance
- Approved in advance.

Transportation for this benefit means any land, water or air conveyance required to transport you during an emergency evacuation. Expenses for special transportation (such as air ambulance, land ambulance and private motor vehicle) must be:

- Recommended by the attending physician.
- Required by standard regulations of the conveyance transporting you.

Repatriation of Remains

In the event of your death, the plan will pay the actual charges for preparing and transporting your remains to your home country up to a maximum of $25,000. This will be done in accord with all legal requirements in effect at the time your remains are to be returned to your home.

Cellular Immunotherapy And Gene Therapy

Benefits are provided for medically necessary immunotherapy and gene therapy, such as CAR-T immunotherapy. The plan will cover designated providers outside the service area when there are no in-network providers within the service area.

Services must meet LifeWise's medical policy. You can access our medical policies by contacting customer service or going to **students.lifewiseac.com/uw/gaip**. Services also require prior authorization. See ***Prior Authorization***.

EXCLUSIONS AND LIMITATIONS

In addition to services listed as not covered under ***Covered Services***, this section of your booklet lists services that are either limited or not covered by this plan.

Amounts Over the Allowed Amount
Costs over the allowed amount as defined by this plan for a non-emergency service from a non-participating provider.

Assisted Reproduction

Assisted reproduction technologies, including but not limited to:

- Drugs to treat infertility or that are required as part of assisted reproduction procedures.
- Artificial insemination or assisted reproduction methods, such as in-vitro fertilization. It does not matter why you need the procedure.
- Services to make you more fertile or for multiple births.
- Reversing sterilization surgery.

Benefits from other sources

Services that are covered by other types of insurance or coverages, such as:

- Motor vehicle medical or motor vehicle no-fault
- Any type of no-fault coverage, such as Personal Injury Protection (PIP), Medical Payment coverage or Medical Premises coverage.
- Any type of liability insurance, such as home owners' coverage or commercial liability coverage
- Any type of excess coverage
- Boat coverage
- School or athletic coverage

Benefits that have been exhausted

Services in excess of benefit limitations or maximums of this plan.

Broken or missed appointments

Broken or missed appointments, including charges from providers for broken or missed appointments.

Caffeine Dependency

Charges For Records or Reports

Charges from providers for supplying records or reports that aren’t requested by LifeWise for utilization review.

Complications of a non-covered service

Includes follow-up services or effects of those services.

Cosmetic Services
Drugs, services or supplies for cosmetic services that are not medically necessary. This includes services performed to reshape normal structures of the body in order to improve or alter your appearance and not primarily to restore an impaired function of the body. This also includes drugs, services, or supplies to improve or alter the appearance of your skin or hair. This does not apply to services that are determined to be medically necessary for ***Gender Affirming Care***.

Counseling, Education or Training

Counseling education or training in the absence of illness or injury, including but not limited to:

- Job-help and outreach
- Social or fitness counseling
- Acting as a tutor, helping a member with schoolwork, acting as an educational or other aide for a member while the member is at school, or providing services that are part of a school's individual education program or should otherwise be provided by school staff.
- Private school or boarding school tuition
- Community wellness or safety programs

Court-Ordered Services

This plan does not cover services that you must get to avoid being tried, sentenced or losing the right to drive when they are not medically necessary.

Custodial Care

Custodial services that are not covered hospice care services.

Dental Care

Dental care or supplies, that is not covered under any dental benefits.

Environmental Therapy

Therapy to provide a changed or controlled environment.

Experimental or Investigational Services

Experimental or investigational services or supplies, including any complications or effects of such services. This does not apply to certain services that are part of an approved clinical trial.

Family Members or Volunteers

Services or supplies that you provide to yourself. It also does not cover a provider who is:

- Your spouse, mother, father, child, brother or sister
- Your mother, father, child, brother or sister by marriage
- Your stepmother, stepfather, stepchild, stepbrother or stepsister
- Your grandmother, grandfather, grandchild or their spouse
- A volunteer

Government Facilities

Services provided by a state or federal facility that are not emergency services or required by law or regulation.

Growth Hormone

This plan does not cover growth hormones for the following:

- To stimulate growth, except when it meets medical standards
- Treatment of idiopathic short stature without growth-hormone deficiency

Hair Loss

This plan does not cover:

- Drugs, supplies, equipment, or procedures to replace hair, slow hair loss or stimulate hair growth
- Hair prostheses, such as wigs or hair weaves, transplants and implants

Hospital Admission Limitations

This plan does not cover hospital stays solely for diagnostic studies, physical examinations, checkups, medical evaluations, or observations, unless:

- The services cannot be provided without the use of a hospital
- There is a medical condition that makes hospital care medically necessary

Illegal Acts, Illegal Services, and Terrorism

Illness or injury you get while committing a felony, an act of terrorism, or an act of riot or revolt, as well as any service that is illegal under state or federal law.

Low-level laser Therapy

Military Service and War

This plan does not cover illness or injury that is caused by or arises from:

- Acts of war, such as armed invasion, no matter if war has been declared or not
- Services in the armed forces of any country, including any related civilian forces or units.

Non-Covered Services
Services or supplies directly related to any non-covered condition.

- Ordered when this plan is not in effect or when the person is not covered under this plan
- Provided to someone other than the ill or injured member
- That are not listed as covered under this plan
- Services and supplies for which no charge is made, for which none would have been made if this plan were not in effect, or for which you are not legally required to pay
- Non-treatment charges, including charges for provider time
- Transporting a member in place of a parent or other family member or accompanying the member to appointments or other activities outside the home, such as medical appointments or shopping.
- Doing housework or chores for the member or helping the member do housework or chores

Non-Treatment Facilities, Institutions or Programs

- Institutional care
- Housing
- Incarceration
- Programs from facilities that are not licensed to provide medical or behavioral health treatment for covered services. Examples are prisons, nursing homes, juvenile detention facilities.

Orthognathic Surgery

Procedures to lengthen or shorten the jaw. Orthognathic surgery is not covered other than for treatment of the following:

- temporomandibular joint disorder,
- injury,
- sleep apnea, or
- congenital anomaly.

Personal comfort or convenience items

- Personal services or items such as meals for guests while hospitalized, long-distance phone, radio or TV, personal grooming, and babysitting
- Normal living needs, such as food, clothes, housekeeping, and transport. This doesn't apply to chores done by a home health aide as prescribed in your treatment plan.
- Dietary assistance, including "Meals on Wheels"

Provider's License or Certification

Services that are outside the scope of the provider's license or certification or any unlicensed or uncertified providers.

Recreational, Camp and Activity Programs

Recreational, camp and activity-based programs. These programs include:

- Gym, swim and other sports programs, camps and training
- Creative art, play and sensory movement and dance therapy
- Recreational programs and camps
- Boot camp programs, outward bound programs and tall-ship programs
- Equine programs and other animal-assisted programs and camps
- Exercise and maintenance-level programs.
- Hiking and other adventure programs and camps

Serious Adverse Events and Never Events

Serious Adverse Event are hospital injury(ies) caused by medical management that prolonged the hospitalization, and/or produces a disability at the time of discharge.

Never Events means events that should never occur, such as a surgery on the wrong patient, a surgery on the wrong body part or wrong surgery.

Members and this plan are not responsible for payment of services provided by in-network providers for serious adverse events, never events and resulting follow-up care. Serious adverse events and never events are medical errors that are specific to a nationally published list. They are identified by specific diagnoses codes, procedure codes and specific present-on-admission indicator codes. In-Network providers may not bill members for these services and members are held harmless.

Not all medical errors are serious adverse events or never events. You can obtain a list of serious adverse events and never events by contacting us or the Centers for Medicare and Medicaid Services (CMS) website.

Services or Supplies Not Medically Necessary

Services or supplies that are not medically necessary even if they are court ordered. This also includes places of service, such as inpatient hospital care or stays.

Sexual Dysfunction

Diagnosis and treatment of sexual dysfunctions, regardless of origin or cause, surgical, medical or psychological treatment of impotence or hypoactive sexual desire disorder, including drugs, medications, or penile or other implants.

Voluntary Support Groups

Patient support, consumer or affinity groups such as diabetic support groups or Alcoholics anonymous

Weight Loss Surgery or Drugs

Surgery, drugs or supplements for weight loss or weight control.

Work-Related Illness or Injury

This plan does not cover any illness or injury for which you can get benefits under:

- Separate coverage for illness or injury on the job
- Workers compensation laws
- Any other law that would repay you for an illness or injury you get on the job.

OTHER COVERAGE

Note: If you participate in a health savings account (HSA) and are enrolled in this plan (have other healthcare coverage that is not a high deductible health plan as defined by IRS regulations), the tax deductibility of the health savings account contributions may not be allowed. Contact your tax advisor or HSA plan administrator for more information.

Regardless of other coverage, GAIP coverage may not be waived.

COORDINATING BENEFITS WITH OTHER PLANS

When you have more than one health plan, "coordination of benefits (COB)" makes sure that the combined payments of all your plans don't exceed your covered health costs. You or your provider should file your claims with your primary plan first. If you have Medicare, Medicare may submit your claims to your secondary plan. See ***COB's Effect on Benefits*** for details on primary and secondary plans.

If you are covered by more than one health benefit plan, and you do not know which is your primary plan, you or your provider should contact any of the health plans to verify which plan is primary. The health plan you contact is responsible for working with the other plan(s) to determine which is primary and will let you know within 30 calendar days.

Caution: All health plans have timely filing requirements. If you or your provider fails to submit your claim to your secondary health plan within that plan’s claim filing time limit, the plan can deny the claim. If you experience delays in the processing of your claim by the primary health plan, you or your provider will need to submit your claim to the secondary health plan within its claim filing time limit to prevent a denial of the claim.

To avoid delays in claims processing, if you are covered by more than one plan you should promptly report to your providers and plans any changes in your coverage.

DEFINITIONS

For the purposes of COB:

- A **Plan** is any of the following that provides benefits or services for medical or dental care. If separate contracts are used to provide coordinated coverage for group members, all the contracts are considered parts of the same plan and there is no COB among them. However, if COB rules don't apply to all contracts, or to all benefits in the same contract, the contact or benefit to which COB doesn't apply is treated as a separate plan.

- "Plan" means: Group, individual or blanket disability insurance contracts, and group or individual contracts issued by health care service contractors or HMOs, closed panel plans or other forms of group coverage; medical care provided by long-term care plans; and Medicare or any other federal governmental plan, as permitted by law.
- "Plan" **doesn't mean**: Hospital or other fixed indemnity or fixed payment coverage; accident-only coverage; specified disease or accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; non-medical parts of long-term care plans; automobile coverage required by law to provide medical benefits; Medicare supplement policies; Medicaid or other federal governmental plans, unless permitted by law.

- **This plan** means your plan's health care benefits to which COB applies. A contract may apply one COB process to coordinating certain benefits only with similar benefits and may apply another COB process to coordinate other benefits. All the benefits of your plan are subject to COB, but your plan coordinates dental benefits separately from medical benefits. Dental benefits are coordinated only with other plans' dental benefits, while medical benefits are coordinated only with other plans' medical benefits.
- **Primary Plan** is a plan that provides benefits as if you had no other coverage.
- **Secondary Plan** is a plan that is allowed to reduce its benefits in accordance with COB rules. See ***COB's Effect on Benefits*** for rules on secondary plan benefits.
- **Allowable Expense** is a healthcare expense, including deductibles, coinsurance and copays, that is covered at least in part by any of your plans. When a plan provides benefits in the form of services, the reasonable cash value of each service is an allowable expense and a benefit paid. An amount that is not covered by any of your plans is not an allowable expense.

  The allowable expense for the secondary plan is the amount it allows for the service or supply in the absence of other coverage that is primary. This is true regardless of what method the secondary plan uses to set allowable expenses.

  The exceptions to this rule are when a Medicare, a Medicare Advantage plan, or a Medicare Prescription Drug plan (Part D) is primary to your other coverage. In those cases, the allowable expense set by the Medicare plan will also be the allowable expense amount used by the secondary plan.
- **Custodial Parent** is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than half of the calendar year, excluding any temporary visitation.
- **Gatekeeper Requirements** Any requirement that an otherwise eligible person must fulfill prior to receiving the benefits of a plan. Examples are restrictions of coverage to providers in a network, prior authorization, or primary care provider referrals.

PRIMARY AND SECONDARY RULES

Certain governmental plans, like Medicaid, are always secondary by law. Except as required by law, Medicare supplement plans and other plans that don't coordinate benefits at all must pay as if they were primary.

A plan that doesn't have a coordination of benefits provision that complies with this plan's rules is primary to this plan unless the rules of both plans make this plan primary. The exception is group coverage that supplements a package of benefits provided by the same group. Such coverage can be excess to the rest of that group's plan.

The first of the rules below to apply decides which plan is primary. If you have more than one secondary plan, the rules below also decide the order of the secondary plans to each other.

Non-dependent or dependent The plan that doesn't cover you as a dependent is primary to a plan that does. However, if you have Medicare, and federal law makes Medicare secondary to your dependent coverage and primary to the plan that doesn't cover you as a dependent, then the order is reversed.

Dependent children Unless a court decree states otherwise, the rules below apply:

- **Birthday Rule** When the parents are married or living together, whether or not they were ever married, the plan of the parent whose birthday falls earlier in the year is primary. If both parents have the same birthday, the plan that has covered the parent the longest is primary.
- When the parents are divorced, separated or not living together, whether or not they were ever married:
  - If a court decree makes one parent responsible for the child's healthcare expenses or coverage, that plan is primary. If the parent who is responsible has no health coverage for the dependent, but that parent's spouse does, that spouse's plan is primary. This rule applies to calendar years starting after the plan is given notice of the court decree.
  - If a court decree assigns one parent primary financial responsibility for the child but does not mention responsibility for healthcare expenses, the plan of the parent with financial responsibility is primary.

- If a court decree makes both parents responsible for the child's healthcare expenses or coverage, the birthday rule determines which plan is primary.
- If a court decree requires joint custody without making one parent responsible for the child's healthcare expenses or coverage, the birthday rule determines which plan is primary.
- If there is no court decree allocating responsibility for the child's expenses or coverage, the rules below apply:
  - The plan covering the custodial parent, first
  - The plan covering the spouse of the custodial parent, second
  - The plan covering the non-custodial parent, third
  - The plan covering the spouse of the non-custodial parent, last
- If a child is covered by individuals other than parents or stepparents, the above rules apply as if those individuals were the parents.

Retired or Laid-off Employee The plan that covers you as an active employee (an employee who is neither laid off nor retired) is primary to a plan covering you as a retired or laid-off employee. The same is true if you are covered as both a dependent of an active employee and a dependent of a retired or laid-off employee.

Continuation Coverage If you have coverage under COBRA or other continuation law, that coverage is secondary to coverage that is not through COBRA or other continuation law.

Note: The retiree/layoff and continuation rules don't apply when both plans don't have the rule or when the "non-dependent or dependent" rule can decide which of the plans is primary.

Length Of Coverage The plan that covered you longer is primary to the plan that didn't cover you as long. If we do not have your start date under the other plan, we will use the employee's hire date with the other group instead. We will compare that hire date to the date your coverage started under this plan to find out which plan covered you for the longest time.

If none of the rules above apply, the plans must share the allowable expenses equally.

COB's Effect on Benefits

The primary plan provides its benefits as if you had no other coverage.

A plan may take into account the benefits of another plan **only** when it is secondary to that plan. The secondary plan is allowed to reduce its benefits so that the total benefits provided by all plans during a calendar year are not more than the total allowable expenses incurred in that year. **When paying a claim, the total amount paid by the secondary plan in combination with what is paid by the primary plan is never required to be more than one hundred percent of the highest total allowable expense of either plan plus any saving accrued from prior claims incurred in the same calendar year.**

The secondary plan must credit to its deductible any amounts it would have credited if it had been primary. It must also calculate savings for each claim by subtracting its secondary benefits from the amount it would have provided as primary. It must use these savings to pay any allowable expenses incurred during that calendar year, whether or not they are normally covered.

This plan requires you or your provider to ask for prior authorization from LifeWise before you get certain services or drugs. Your other plan may also require you to get prior authorization for the same service or drug. In that case, when this plan is secondary to your other plan, you will not have to ask LifeWise for prior authorization of any service or drug for which you asked for prior authorization from your other plan. This does not mean that this plan will cover the service or drug. The service or drug will be reviewed once we receive your claim.

Certain facts about your other healthcare coverage are needed to apply the COB rules. We may get the facts we need for COB from, or give them to, other plans, organizations or persons. We don't need to tell or get the consent of anyone to do this. State regulations require each of your other plans and each person claiming benefits under this plan to give us any facts we need for COB. To expedite payment, be sure that you and/or your provider supply the information in a timely manner.

If the primary plan fails to pay within 60 calendar days of receiving all necessary information from you and your provider, you and/or your provider may submit your claim to the secondary plan to make payment as if the secondary plan was primary. In such situations, the secondary plan is required to pay claims within 30 calendar days of receiving your claim and notice that your primary plan has not paid. However, the secondary plan may recover from the primary plan any excess amount paid under ***Right of Recovery/Facility of Payment***.

Right of Recovery/Facility of Payment If your other plan makes payments that this plan should have made, we have the right, at our reasonable discretion, to remit to the other plan the amount we determine is needed to comply with COB. To the extent of such payments, we are fully discharged from liability under this plan. We also have the right to recover any payment over the maximum amount required under COB. We can recover excess payment from anyone to whom or for whom the payment was made or from any other issuers or plans.

THIRD PARTY LIABILITY (SUBROGATION)

If we make claims payment on your behalf for injury or illness for which another party is liable, or for which uninsured/underinsured motorist (UIM) or personal injury protection (PIP) insurance exists, we will be subrogated to any rights that you may have to recover compensation or damages from that liable party related to the injury or illness, and we would be entitled to be repaid for payments we made on your behalf out of any recovery that you obtain from that liable party after you have been fully compensated for your loss. The liable party is also known as the "third party" because it is a party other than you or us. This party includes a UIM carrier because it stands in the shoes of a third party tort feasor and because we exclude coverage for such benefits.

Definitions The following terms have specific meanings in this contract:

- **Subrogation** means we may collect directly from third parties or from proceeds of your recovery from third parties to the extent we have paid on your behalf for illnesses or injury caused by the third party and you have been fully compensated for your loss.
- **Reimbursement** means that you are obligated under the contract to repay any monies advanced from amounts you have received on your claim after you have been fully compensated for your loss.
- **Restitution** means all equitable rights of recovery that we have to the monies advanced under your plan. Because we have paid for your illness or injuries, we are entitled to recover those expenses from any responsible third-party once you have been fully compensated for your loss.

To the fullest extent permitted by law, we are entitled to the proceeds of any settlement or judgment that results in a recovery from a third party, up to the amount of payments we have made on your behalf after you have been fully compensated for your loss. Our right to recover exists regardless of whether it is based on subrogation, reimbursement or restitution. In recovering payments made on your behalf, we may at our election hire our own attorney to prosecute a subrogation claim for recovery of payments we have made on your behalf directly from third-parties, or be represented by your attorney prosecuting a claim on your behalf. Our right to prosecute a subrogation claim against third-parties is not contingent upon whether or not you pursue the party at fault for any recovery. Our right of recovery is not subject to reduction for attorney's fees and costs under the "common fund" or any other doctrine. Notwithstanding such right, if you recover from a third party and we share in the recovery, we may pay our share of the legal expenses. Our share is that percentage of the legal expenses necessary to secure a recovery against the liable party that the amount we actually recover bears to the total recovery.

Before accepting any settlement on your claim against a third party, you must notify us in writing of any terms or conditions offered in a settlement, and you must notify the third party of our interest in the settlement established by this provision. In the event of a trial or arbitration, you must make a claim against, or otherwise pursue recovery from third-parties payments we have made on your behalf, and give us reasonable notice in advance of the trial or arbitration proceeding (See ***Notice***). You must also cooperate fully with us in recovering amounts paid by us on your behalf. If you retain an attorney or other agent to represent you in the matter, you must require your attorney or agent to reimburse us directly from the settlement or recovery. If you fail to cooperate fully with us in the recovery of the payments we have paid on your behalf, you are responsible for reimbursing us for payments we have made on your behalf.

You agree, if requested, to hold in trust and execute a trust agreement in the full amount of payments we made on your behalf from any recovery you obtain from any third-party until such time as we have reached a final determination or settlement regarding the amount of your recovery that fully compensates you for your loss.

UNINSURED AND UNDERINSURED MOTORIST/PERSONAL INJURY PROTECTION COVERAGE

We have the right to be reimbursed for benefits provided, but only to the extent that benefits are also paid for such services and supplies under the terms of a motor vehicle uninsured motorist and/or underinsured motorist (UIM) policy, personal injury protection (PIP) or similar type of insurance or contract.

HOW DO I FILE A CLAIM

Many providers will send claims to us directly. When you need to send a claim to us, follow these simple steps:

Step 1

Complete a claim form. Use a separate claim form for each patient and each provider. You can get claim forms by calling customer service or you can print them from our website.

Step 2

Attach the bill that lists the services you received. Your claim must show all of the following information:

- Name of the member who received the services
- Name, address, and IRS tax identification number of the provider
- Diagnosis (ICD) code. You must get this from your provider.
- Procedure codes (CPT or HCPCS). You must get these from your provider.
- Date of service and charges for each service

Step 3

If you are also covered by Medicare, attach a copy of the Explanation of Medicare Benefits.

Step 4

Check to make sure that all the information from Steps 1, 2, and 3 is complete. Your claim will be returned if all of this information is not included.

Step 5

Sign the claim form.

Step 6

Mail your claims to the address listed on the back cover.

Prescription Claims

For retail pharmacy purchases, you do not have to send us a claim form. Just show your LifeWise ID card to the pharmacist, who will bill us directly. If you do not show Your LifeWise ID card, you will have to pay the full cost of the prescription. Send your pharmacy receipts attached to a completed Prescription Drug Claim form for reimbursement. If you need a Prescription Drug Claim Form contact customer service at the number listed on your ID card. Send the prescription claim information to the address listed on the back cover.

It is very important that you use your LifeWise ID card at the time you receive services from an in-network pharmacy. Not using your LifeWise ID card may increase your out-of-pocket costs.

Coordination of Prescription Claims

If this plan is the secondary plan as described under ***Other Coverage***, you must submit your pharmacy receipts attached to a completed claim form for reimbursement. Please send the information to the address listed under Secondary Prescription Claims included on the drug claim form.

Timely Payment of Claim

You should submit all claims within 365 days of the date you received services. No payments will be made by us for claims received more than 365 days after the date of service. Exceptions will be made if we receive documentation of your legal incapacitation or when required by law or regulation. Payment of all claims will be made within the time limits required.

Notice Required for Reimbursement and Payment of Claims

At our option and in accordance with federal and state law, we may pay the benefits of this plan to the eligible member, provider, other carrier, or other party legally entitled to such payment under federal or state medical child support laws, or jointly to any of these. Such payment will discharge our obligation to the extent of the amount paid so that we will not be liable to anyone aggrieved by our choice of payee.

If all you have to pay is a copay for a covered service or supply, it is not considered a claim for benefits. However, you always have the right to get a paper copy of an explanation of benefits.

COMPLAINTS AND APPEALS

If at any time you have questions regarding your healthcare, you may contact customer service for assistance. They are here to serve you and answer questions.

If you disagree with a decision we made or feel dissatisfied, and would like us to formally review your concerns, you can file a complaint or appeal with LifeWise.

WHAT IS A COMPLAINT?

Other than denial of payment for medical services for nonprovision of medical services, a complaint is when you are not satisfied with customer service, quality, or access to medical service, and you want to share it with LifeWise.

How to file a complaint:

Call customer service at 800-971-1491

Send a fax to 866-903-9899

Send the details in writing to:

LifeWise Assurance Company

PO Box 91102

Seattle WA 91102-9202

For complaints received in writing, we will send a written response within 30 days.

WHAT IS AN APPEAL?

An appeal is a request to review a specific decision or an adverse benefit determination LifeWise has made.

An adverse-benefit determination means a decision to deny, reduce, terminate or a failure to provide or to make payment, in whole or in part for services. This includes:

- A member's or applicant's eligibility to be or stay enrolled in this plan or health insurance coverage.
- A limitation on otherwise covered benefits.
- A clinical review decision.
- A decision that a service is experimental, investigative, not medically necessary or appropriate, or not effective.

WHAT YOU CAN APPEAL

Claims and prior authorization	Payment	Benefits or charges were not applied correctly, including a limit or restriction on otherwise covered benefits.
	Denied	Coverage of your service, supply, device or prescription was denied or partially denied. This includes prior authorization denials.
Enrollment canceled or not issued	No Coverage	You are not eligible to enroll or stay in the plan.

APPEAL LEVELS

You have the right to two levels of appeals.

Appeal Level	What it means	Deadline to appeal
Level 1 (Internal)	This is your first appeal. LifeWise will review your appeal.	180 days from the date you were notified of our decision.
Level 2 External	If we deny your Level 1 appeal, you can ask for an Independent Review Organization (IRO) to review your appeal. **OR** You can ask for an IRO review if LifeWise has not made a decision by the deadline for the Level 1 appeal. There is no cost to you for an external appeal.	180 days from the date you were notified of our Level 1 appeal decision. **OR** 180 days from the date of the response to your Level 1 appeal, if you did not get a response or it was late.

HOW TO SUBMIT AN APPEAL IN WRITING

Step 1. Get the form	• Complete the Member Appeal Form**,** you can find it on students.lifewiseac.com or call customer service to request a copy. If you need help submitting an appeal, or would like a copy of the appeals process, call customer service.
Step 2. Collect supporting documents	• Collect any supporting documents that may help with your appeal. This may include chart notes, medical records, or a letter from your provider. Within 3 working days, we will confirm in writing that we have your request. • If you would like someone to appeal on your behalf, including your provider, complete a Member Appeal Form with authorization; you can find it on our website. We can't release your information without this form.
Step 3. Send in my appeal	To help process your appeal, be sure to complete the form and return with any supporting documents. **Send your documents to:** LifeWise Assurance Company PO Box 91102 Seattle, WA 91102-9202 Fax to 866-903-9899

Note: You may also call customer service to verbally submit an appeal.

If you would like to review the information used for your appeal, send us a request in writing to:

LifeWise Assurance Company
PO Box 91102
Seattle, WA 91102-9202

APPEAL RESPONSE TIME LIMITS

We'll review your appeal and send a decision in writing within the time limits below. The timeframes are based on what the appeal is about, not the appeal level. At each level, LifeWise representatives who have not reviewed the case before will review and make a decision. Medical review denials will be reviewed by a medical specialist.

Type of Appeal	**When to expect a response**
Urgent appeals	No later than 72 hours. We will call, fax, or email you with the decision, and follow up in writing
Pre-service appeals (a decision made by us before you received services)	Within 14 days
Appeals of experimental and/or investigative denials	Within 20 days
All other Level 1 appeals	14-30 days
External appeals (Level 2)	• Urgent appeals within 72 hours • Other IRO appeals within 15 days after the IRO gets the information or 20 days from the date the IRO gets your request

IF WE NEED MORE TIME

Except for urgent appeals, we can extend the time limits. We will notify you, if for good cause, more time is needed. An extension cannot delay the decision beyond 30 days without your informed written consent.

WHAT IF YOU HAVE ONGOING CARE?

Ongoing care is continuous treatment you are currently receiving, such as residential care, care for a chronic condition, inpatient care and rehabilitation.

If you appeal a decision that affects ongoing care because we've determined the care is no longer medically necessary, we will continue to cover your care during the appeal period. This continued coverage during the appeal period does not mean that the care is approved. If our decision is upheld, you must repay all amounts we paid for ongoing care during the appeal review.

WHAT HAPPENS IF IT'S URGENT?

If your condition is urgent, you will get our response sooner. Urgent appeals are only available for services you are currently receiving or have not yet received.

Examples of urgent situations are:

- Your life or health is in serious danger, or a delay in treatment would cause you to be in severe pain that you cannot bear, as determined by our medical professional or your treating physician.
- You are requesting coverage for inpatient or emergency services that you are currently receiving.

If your situation is urgent, you may ask for an expedited external appeal at the same time you request an expedited internal appeal.

HOW TO ASK FOR AN EXTERNAL REVIEW (LEVEL 2)

External reviews will be done by an Independent Review Organization (IRO).

Step 1. Get the form	We'll tell you about your right to an external review with the written decision of your internal appeal. • Complete the Independent Review Organization (IRO) Request form, you can find it on students.lifewiseac.com or call customer service to request a copy. You may also write to us directly to ask for an external appeal.
Step 2. Collect supporting documents	• Collect any supporting documents that may help with your external review. This may include medical records and other information. • We'll forward your medical records and other information to the Independent Review Organization (IRO). We will notify you which IRO was selected to review your appeal. If you have additional information on your appeal, you may send it to the IRO directly within five business days.
Step 3. Send in my external review request	To help process your external review, be sure to complete the form and return with any supporting documents. Send your documents to: LifeWise Assurance Company PO Box 91102 Seattle, WA 98111-9202 Fax to 866-903-9899

External appeals are available for decisions related to LifeWise's compliance with protections against balance billing in accordance with federal and state law.

ONCE THE IRO DECIDES

For urgent appeals, the IRO will inform you and LifeWise immediately. LifeWise will accept the IRO decision.

If the IRO:

- Reverses our decision, we will apply their decision quickly.
- Stands by our decision, there is no further appeal. However, you may have other steps you can take under state or federal law, such as filing a lawsuit.

If you have questions about understanding a denial of a claim or your appeal rights, you may call customer service at the number listed on your LifeWise ID card. Contact the Washington Consumer Assistance Program at any time during this process if you have any concerns or need help filing an appeal.

ELIGIBILITY AND ENROLLMENT

ELIGIBILITY FOR ACADEMIC STUDENT EMPLOYEES (SUBSCRIBERS)

If you are a graduate student service appointee, Teaching Assistant, Research Assistant or Student Assistant* (TA/RA/SA), fellow/trainee and meet the University's eligibility requirements, you will be enrolled in the program.

*Graduate Research Student Assistant (GRSA) is limited to appointments during the summer quarter only. This job code may not be used during fall, winter or spring quarters.

Appointees

Eligibility rules vary depending on whether you're a TA/RA/SA or a fellow/trainee and whether you hold an academic quarter (fall, winter, and spring) appointment or a summer quarter appointment. Be sure to review the information in the following sections to determine whether you're eligible for coverage.

In all cases, regardless of when you enroll, you must be registered for classes by the 10th day of the quarter. Eligibility for coverage begins on the first of the month within the coverage period following the entry of an eligible appointment into the payroll system. See ***When Coverage Begins*** for details about the various coverage effective dates for each coverage period.

Academic Year TA/RA/SA Appointments

You are eligible for appointee coverage, paid by the University, in any coverage period you:

- Hold at least a 50% appointment
- Are paid in an eligible job class and pay type
- Receive payroll distributions for five of the six pay days during the coverage period, and
- Are registered for at least 10 credits.

Academic Year Fellow/Trainee Appointments

You are eligible for appointee coverage, paid by the University, in any coverage period you:

- Are paid at least $800/month in an eligible job class
- Receive payroll distributions for five of the six pay days during the coverage period, and
- Are registered for at least 10 credits.

Summer Quarter TA/RA/SA Appointments

You are eligible for graduate insurance, paid by the University, if you:

- Are at least 50% FTE
- Are in an eligible job class and pay type
- Receive payroll distributions for two pay days for Session A only or two pay days for Session B only, or two pay days for both Sessions A and B combined, and
- Are registered for at least two credits.

Summer Quarter Fellow/Trainee Appointments

You are eligible for graduate insurance, paid by the University, if you:

- Are paid a minimum of $800/month
- Receive payroll distributions for two pay days for Session A only or two pay days for Session B only, or two pay days for Sessions A and B combined, and
- Are registered for at least two credits.

If your funding is paid directly to you and not administered through University payroll

You may enroll in the Self-Pay Option for the coverage period for which you're eligible and may continue to be enrolled through the end of the plan year (September 30) if:

- Your funding equals $800/month for at least one academic quarter, and
- You're registered for at least 10 credits that same quarter.

The Total Benefits Office must approve eligibility for this option. To find out if you're eligible, review the eligibility rules online at *http://www.uw.edu/admin/hr/benefits/insure/gaip/index.html*.

Note for Academic Student Employees Abroad

If you are abroad for a quarter or longer, you may be able to waive the 10-credit eligibility requirement if you have official on-leave status. You also may meet the $800 funding minimum with a comparable amount of funding in foreign currency. You must provide the Total Benefits Office with documentation of the appointment and funding, including a statement of the funding in US dollars.

FAMILY MEMBERS YOU MAY COVER (DEPENDENTS)

Academic student employees who are eligible and enrolled in this program may also enroll eligible dependents at the same time they enroll. The same dependent eligibility rules apply year-round. Academic Student Employees who are eligible and enrolled in this program are not eligible dependents. An eligible dependent is defined as:

- Your legally married spouse
- Your qualified domestic partner if one of you is at least 62 years old
- Your Qualified Domestic Partner (QDP). For a QDP to be eligible for coverage, you and your qualified domestic partner must be registered with the Washington State registry or jurisdiction where domestic partner registration is offered.

A copy of the qualified domestic partner registration form or a copy of the marriage certificate for a spouse must be submitted before any claims for a qualified domestic partner/spouse will be considered. The Declaration of Tax Status for SSDP form must also be submitted. This form is needed only to determine if contributions are taxable or not. This form is available online at *https://students.lifewiseac.com/documents/023471.pdf.*

- You or your spouse's or qualified domestic partner's children (including adopted children) who are:
  - Under age 26, or
  - Incapable of self-support because of a physical handicap or developmental disability (documentation required; contact the UW Total Benefits Office at **uwgaip@uw.edu** for more information).

The term children includes the following who are under age 26:

- Natural children
- Your adopted children
- Children legally placed for adoption including a child for whom you've assumed total or partial legal obligation for support in anticipation of adoption (documentation required)
- Stepchildren, foster children or children for whom you're the legally designated guardian (documentation of court order required). When a court ordered guardianship or foster care terminates or expires, the child is no longer an eligible child. Court ordered guardianship and foster care expires at the child's age of majority.

In addition, your child will be eligible for coverage under this program if required by a court order and if a copy of the court order is provided.

Coverage for a newborn automatically begins at birth for a limited amount of time – the first three weeks after birth – and includes injury and sickness, with necessary treatment of congenital defects, birth abnormalities or premature birth. However, you **must enroll** your newborn within 60 days of birth in order to continue coverage past the initial three-week period. A copy of the child's birth certificate must be on file for benefits to be available.

While academic student employee coverage is automatic as long as you remain eligible, **you must re-enroll your dependents at the beginning of each plan year (no later than October 31st) and update your contact information to expedite claim payment and plan communication. If you have a break in coverage during the same plan year and later regain eligibility your coverage will default to Student Only unless you actively re-enroll any dependents.**

If You Are a UW Student Covered as an Eligible Dependent

If you are a student and enrolled in the International Student Health Insurance Plan (Student Insurance), but are covered under GAIP as an eligible dependent, benefits will be paid under the GAIP Plan. Dual coverage is not possible so consider which single plan best meets your needs.

HOW TO ENROLL

Graduate Appointees

If you are an eligible TA/RA/SA or fellow/trainee, your academic student employee coverage is automatic and the premiums will be administered by the University's payroll system under this program. Even though coverage is automatic, you'll need to complete online enrollment at **students.lifewiseac.com/uw/gaip** so that your claims can be paid. Note that your dependents **are not** enrolled automatically; you must elect coverage for them as part of the online enrollment process.

If your funding is paid directly to you and not administered through University payroll, you must enroll through the Self-Pay Option for your coverage.

For all other students, if you have already purchased the International Student Health Insurance Plan and then receive a graduate appointment, you may be able to get a premium refund for the International Student Health Insurance Plan premiums you paid by notifying the UW Total Benefits Office by the third Friday of the quarter. Contact Student Life for complete information about the Student Health Insurance Plan and how to terminate coverage at **http://www.washington.edu/ship/international-student-insurance-health-plan/**.

Please note you may not re-enroll in the International Student Health Insurance Plan (ISHIP) during the same plan year that you had enrolled in ISHIP annual coverage. If you lose eligibility under the Graduate Appointee Insurance Plan, you can continue coverage as described under, "COBRA".

Automatic Summer Quarter Coverage

If you are a TA/RA/SA who had graduate insurance through an eligible appointment for fall, winter, and spring quarters, you'll automatically receive paid coverage for summer quarter, regardless of student status (e.g. graduation, no summer appointment, no classes). If you are in this group and you choose to enroll your dependents in the summer quarter, you will be responsible for paying the entire portion of the summer dependent premium at the beginning of summer paid directly to LifeWise. You will be contacted about this payment in early summer quarter. You won't be refunded any portion of this payment, even if you later decide to drop dependent coverage.

Dependents

To add your dependents, you must use the online enrollment system at **students.lifewiseac.com/uw/gaip.** Current dependents must be added to your coverage no later than the last day of the month of your benefits start date except for summer quarter. For summer quarter dependent enrollment, you will be notified of the enrollment period at the time of enrollment. Otherwise, dependents cannot be enrolled until the following quarter if you continue to be eligible. Only newly acquired dependents may be added mid-quarter, as described below. There are additional documentation requirements for dependents. See the LifeWise enrollment site for details.

Newly acquired dependents can be added during the quarter if you:

- Are covered under this program
- Complete a paper enrollment form found at **students.lifewiseac.com/uw/gaip/forms.aspx** within 31 days of the date of your marriage or domestic partnership registration or within 60 days of the date of birth, placement for adoption or date of adoption.

If your newly acquired dependent is a new spouse, you must submit your marriage certificate to LifeWise by the deadline.

If your newly acquired dependent is a child, you must submit a copy of the child's birth certificate to LifeWise by the deadline.

If your newly acquired dependent is a new domestic partner and/or domestic partner's eligible children, the following paperwork must be submitted to LifeWise by the deadline:

- Copy of the State of Washington domestic partnership registration or certificate from another jurisdiction offering domestic partner registration, and
- Declaration of Tax Status for SSDP form. This form is available online at http://www.edu/admin/hr/benefits/forms/insure/gaip/declaration-tax-status.doc.

Coverage for your newly acquired dependents will begin on the date of marriage, domestic partnership registration, birth, adoption or placement for adoption if your premiums have been paid. Premium payment deductions for newly acquired dependents will begin on the pay period following the notification date of marriage, domestic partnership registration, birth, adoption or placement for adoption.

To remove a dependent from coverage, you must use the online enrollment system at **students.lifewiseac.com/uw/gaip**. Dependents can only be removed during the first calendar month of the coverage period, except for summer quarter. For summer quarter, you will be notified of the open enrollment period that will allow you to remove a dependent from coverage, at the time of your enrollment.

You must re-enroll your dependents at the beginning of each plan year.

WHEN COVERAGE BEGINS

This is a one-year plan that starts on October 1, 2025 and ends on September 30, 2026. The benefits described in the brochure are in force during this period only.

2025-2026 Dates of Coverage	
Fall Quarter	**October 1, 2025- December 31, 2025**
Winter Quarter	**January 1, 2026 – March 31, 2026**
Spring Quarter	**April 1, 2026 – June 30, 2026**
Summer Quarter	**July 1, 2026 – September 30, 2026**

No facility, physician's office, or billing office can verify your eligibility and coverage start date. You are responsible for knowing your coverage start and end dates. Any information provided by another source cannot be guaranteed and you may be liable for the cost of services.

If You're in the Hospital When Coverage Would Otherwise Begin

If you or your covered family member is in the hospital or other facility at the time coverage would otherwise begin, coverage will not begin until after discharge, except for newborn and adoptive children as described in the ***How To Enroll***.

SPECIAL ENROLLMENT

The plan allows TA/RA/SA or fellow/trainee and dependents to enroll outside the plan's annual open enrollment period, if any, only in the cases listed below. In order to be enrolled, the applicant may be required to give us proof of special enrollment rights. If a completed enrollment application is not received within the time limits stated below, further chances to enroll, if any, depend on the normal rules of the plan that govern late enrollment.

Involuntary Loss of Other Coverage

If a TA/RA/SA or fellow/trainee and/or dependent doesn't enroll in this plan or another plan sponsored by the Group when first eligible because they aren't required to do so, that TA/RA/SA or fellow/trainee and/or dependent may later enroll in this plan outside of the annual open enrollment period if each of the following requirements is met:

- The TA/RA/SA or fellow/trainee and/or dependent was covered under group health coverage or a health insurance plan at the time coverage under the Group's plan is offered
- The TA/RA/SA or fellow/trainee and/or dependent's coverage under the other group health coverage or health insurance plan ended as a result of one of the following:
  - Loss of eligibility for coverage for reasons including, but not limited to legal separation, divorce, death, termination of employment or the reduction in the number of hours of employment
  - Termination of employer contributions toward such coverage
  - The TA/RA/SA or fellow/trainee and/or dependent was covered under COBRA at the time coverage under this plan was previously offered and COBRA coverage has been exhausted

An eligible TA/RA/SA or fellow/trainee who qualifies as stated above may also enroll all eligible dependents. When only an eligible dependent qualifies for special enrollment, but the eligible TA/RA/SA or fellow/trainee isn't enrolled in any of the Group's plans or is enrolled in a different plan sponsored by the Group, the TA/RA/SA or fellow/trainee is also allowed to enroll in this plan in order for the dependent to enroll.

We must receive the completed enrollment application and any required premiums from the Group within 60 days of the date such other coverage ended. When the 60-day time limit is met, coverage will start on the first of the month that next follows the last day of the other coverage.

Subscriber And Dependent Special Enrollment

An eligible TA/RA/SA or fellow/trainee and otherwise eligible dependents who previously elected not to enroll in any of the employer's group health plans when such coverage was previously offered, may enroll in this plan at the same time a new dependent is enrolled under ***Dependents*** in ***How to Enroll*** in the case of marriage, birth or adoption. The eligible TA/RA/SA or fellow/trainee may also choose to enroll alone, enroll with some or all eligible dependents, or change plans, if applicable.

State Medical Assistance and Children's Health Insurance Program

TA/RA/SA or fellow/trainee and dependents who are eligible as described in ***Family Members You May Cover (Dependents)*** in ***Eligibility and Enrollment*** have special enrollment rights under this plan if one of the statements below is true:

- The person is eligible for state medical assistance, and the Washington State Department of Social and Health Services (DSHS) determines that it is cost-effective to enroll the person in this plan.
- The person qualifies for premium assistance under the state's medical assistance program or Children's Health Insurance Program (CHIP).
- The person no longer qualifies for health coverage under the state's medical assistance program or CHIP.

To be covered, the eligible TA/RA/SA or fellow/trainee or dependent must apply and any required premiums must be paid no more than 60 days from the date the applicable statement above is true. An eligible TA/RA/SA or fellow/trainee who elected not to enroll in this plan when such coverage was previously offered, must enroll in this plan in order for any otherwise eligible dependents to be enrolled in accordance with this provision. Coverage for the TA/RA/SA or fellow/trainee will start on the date the dependent's coverage starts.

WHEN COVERAGE ENDS

In most cases, your coverage stops at the end of the month your graduate appointment ends; however, your coverage may continue under the following circumstances:

- If you were eligible during and received the first five paychecks of the quarter, the program pays for your coverage until the end of the quarter in which the coverage period ends; this is based on payroll dates, not academic dates
- If you are eligible for the graduate appointee coverage after having International Student Insurance Plan coverage, and there's a coverage gap between the plans, the International Student Health Insurance Plan will cover any eligible claims during the gap period up to a period of 30 days
- If you lose eligibility or your graduate appointment ends before the quarter ends, the program pays for your coverage until the end of the month and you can continue coverage through the Self-Pay Option. The self-pay option allows you to continue your coverage until the plan year ends (September 30), by enrolling and paying your monthly premiums, plus a $4.00 fee directly to LifeWise. In this case, you can continue coverage for the remainder of the plan year, regardless of whether you're a registered student, before electing COBRA.

Cancellation

If you choose not to use your coverage, you will not receive any refund of premium except in the event you or your spouse or domestic partner goes on full time active duty in the armed forces and submit a written request to the UW Total Benefits Office.

EXTENSION OF BENEFITS AFTER TERMINATION

The coverage provided under this plan ceases on the termination date. However, if an insured is hospital-confined on the termination date from a covered injury or sickness for which benefits were paid before the termination date, covered medical expenses for such injury or sickness will continue to be paid as long as the condition continues but not to exceed 365 days after the termination date. The total payments made in respect of the insured for such condition both before and after the termination date will never exceed the maximum benefit.

COVERAGE DURING LABOR DISPUTE

An academic student employee may pay premium charges through the University to keep coverage in effect for up to 6 months in the event of suspension of compensation due to a lockout, strike, or other labor dispute

SELF-PAY OPTION

The Self-Pay Option allows individuals who meet the following eligibility rules to enroll in GAIP coverage at their own cost through the end of the plan year (September 30). Those enrolling in the Self-Pay Option must enroll before the last day of the first calendar month of eligibility. In all instances, the UW Total Benefits Office must approve Self-Pay eligibility.

Those enrolled in the Self-Pay Option are responsible for making academic student employee and dependent premium payments. You must enroll in this option when you first become eligible. If at any time you do not pay the monthly premium, your coverage will be terminated. Based on the type of coverage you choose, your cost varies. Specific information about the cost of coverage under the Self-Pay Option is available at *http://www.uw.edu/admin/hr/benefits/insure/gaip/premiums.html*.

While covered under self-pay, if you are not registered for classes at the UW and do not pay the student activity fee, your benefits will be paid at the network level of benefits regardless if you incur services at Husky Health.

Eligibility

If your funding is paid directly to you and not administered through University payroll your department can request you be made eligible under this option

You may enroll in the Self-Pay Option for the coverage period you're eligible and may continue to be enrolled through the end of the plan year (September 30) if:

- Your funding equals $800/month for at least one academic quarter, and
- You're registered for at least 10 credits that same quarter.

Enrolling

If you are eligible for the self-pay option, you will receive a self-pay letter. To enroll return the letter to LifeWise with your payment. You are responsible to keep the Plan informed of any address change. If you have questions regarding self-pay option, contact LifeWise directly at:

(800) 421-3531 (toll free)

(800) 842-5357 (TTY 711)

COBRA

When group coverage is lost because of a "qualifying event" shown below, federal laws and regulations known as "COBRA" require the Group to offer qualified members an election to continue their group coverage for a limited time. Under COBRA, a qualified member must apply for COBRA coverage within a certain time period and may also have to pay the premiums for it.

At the Group's request, we'll provide qualified members with COBRA coverage under this plan when COBRA's enrollment and payment requirements are met. But, coverage is provided only to the extent that COBRA requires and is subject to the other terms and limitations of this plan. Members' rights to this coverage may be affected by the Group's failure to abide by the terms of its contract with us. The Group, **not us**, is responsible for all notifications and other duties assigned by COBRA to the "plan administrator" within COBRA's time limits.

The following summary of COBRA coverage is taken from COBRA. Members' rights to this coverage and obligations under COBRA automatically change with further amendments of COBRA by Congress or interpretations of COBRA by the courts and federal regulatory agencies.

Qualifying Events And Length Of Coverage

Please contact the Group immediately when one of the qualifying events highlighted below occurs. The continuation periods listed extend from the date of the qualifying event.

Covered domestic partners and their children have the same rights to COBRA coverage as covered spouses and their children.

- The Group must offer the subscriber and covered dependents an election to continue coverage for up to 18 consecutive months if their coverage is lost because of 1 of 2 qualifying events:
  - **The subscriber's work hours are reduced.**
  - **The subscriber's employment terminates, except for discharge due to actions defined by the Group as gross misconduct.**

However, if one of the events listed above follows the covered employee's entitlement to Medicare by less than 18 months, the Group must offer the covered spouse and children an election to continue coverage for up to 36 months starting from the date of the Medicare entitlement.

- COBRA coverage can be extended if a member who lost coverage due to a reduction in hours or termination of employment is determined to be disabled under Title II (OASDI) or Title XVI (SSI) of the Social Security Act at any time during the first 60 days of COBRA coverage. In such cases, all family members who elected COBRA may continue coverage for up to a total of 29 consecutive months from the date of the reduction in hours or termination.
- The Group must offer the covered spouse or children an election to continue coverage for up to 36 consecutive months if their coverage is lost because of 1 of 4 qualifying events:
  - **The subscriber dies.**
  - **The subscriber and spouse legally separate or divorce.**
  - **The subscriber becomes entitled to Medicare.**
  - **A child loses eligibility for dependent coverage.**

  In addition, the occurrence of one of these events during the 18-month period described above can extend that period for a continuing dependent. This happens only if the event would have caused a similar dependent who was not on COBRA coverage to lose coverage under this plan. The extended period will end no later than 36 months from the date of the first qualifying event.

Conditions Of COBRA Coverage

For COBRA coverage to become effective, all of the requirements below must be met:

You Must Give Notice Of Some Qualifying Events

The plan will offer COBRA coverage only after the Plan Administrator receives timely notice that a qualifying event has occurred.

The subscriber or affected dependent must notify the Plan Administrator in the event of a divorce, legal separation, child's loss of eligibility as a dependent, or any second qualifying event which occurs within the 18-month period as described in "Qualifying Events and Lengths Of Coverage." The subscriber or affected dependent must also notify the Plan Administrator if the Social Security Administration determines that the subscriber or dependent was disabled on any of the first 60 days of COBRA coverage. You also have the right to appoint someone to give the Plan Administrator this notice for you.

If the required notice is not given or is late, the qualified member loses the right to COBRA coverage. Except as described below for disability notices, the subscriber or affected dependent has 60 days in which to give notice to the Plan Administrator. The notice period starts on the date shown below.

- For determinations of disability, the notice period starts on the **later** of: 1) the date of the subscriber's termination or reduction in hours; 2) the date the qualified member would lose coverage as the result of one of these events; or 3) date of the disability determination. **Note: Determinations that a qualified member is disabled must be given to the Plan Administrator before the 18-month continuation period ends. This means that the subscriber or qualified member might not have the full 60 days in which to give the notice.** Please include a copy of the determination with your notice to the Plan Administrator.

  Note: The subscriber or affected dependent must also notify the Plan Administrator if a qualified member is deemed by the Social Security Administration to no longer be disabled. See "When COBRA Coverage Ends."
- For the other events above, the 60-day notice period starts on the **later** of: 1) the date of the qualifying event, or 2) the date the qualified member would lose coverage as a result of the event.

Important Note: The Group must tell you where to direct your notice and any other procedures that you must follow. If the Group informs you of its notice procedures after the notice period start date above for your qualifying event, the notice period will not start until the date you're informed by the Plan Administrator.

The Group must notify qualified members of their rights under COBRA. If the Group has named a third party as its plan administrator, the plan administrator is responsible to notify members on behalf of the group. In such cases, the Group has 30 days in which to notify its plan administrator of a subscriber's termination of employment, reduction in hours, death or Medicare entitlement. The plan administrator then has 14 days after it receives notice of a qualifying event from the Group (or from a qualified member as stated above) in which to notify qualified members of their COBRA rights.

You Must Enroll And Pay On Time

- You must elect COBRA coverage no more than 60 days after the **later** of 1) the date coverage was to end because of the qualifying event, or 2) the date you were notified of your right to elect COBRA coverage. You may be eligible for a

second COBRA election period if you qualify under section 201 of the Federal Trade Act of 2002. Please contact the Group or your bargaining representative for more information if you believe this may apply to you.

Each qualified member will have an independent right to elect COBRA coverage. Subscribers may elect COBRA coverage on behalf of their spouses, and parents may elect COBRA coverage on behalf of their children.

If you're not notified of your right to elect COBRA coverage within the time limits above, you must elect COBRA coverage no more than 60 days after the date coverage was to end because of the qualifying event in order for COBRA coverage to become effective under this plan. If you're not notified of your right to elect COBRA coverage within the time limit, and you don't elect COBRA coverage within 60 days after the date coverage ends, we won't be obligated to provide COBRA benefits under this plan. The Group will assume full financial responsibility for payment of any COBRA benefits to which you may be entitled.

- You must send your first subscription charge payment to the Plan Administrator no more than 45 days after the date you elected COBRA coverage.
- Subsequent premiums must be paid to the Plan Administrator and submitted to us with the Group's regular monthly billings.

Adding Family Members

Eligible family members may be added after the continuation period begins, but only as allowed under "Special Enrollment" in the "When Coverage Begins" section. With one exception, family members added after COBRA begins aren't eligible for further coverage if they later have a qualifying event or if they are determined to be disabled as described under "Qualifying Events and Lengths Of Coverage" earlier in this COBRA section. The exception is that a child born to or placed for adoption with a covered employee while the covered employee is on COBRA has the same COBRA rights as family members on coverage at the time of the original qualifying event. The child will be covered for the duration of the covered employee's initial 18-month COBRA period, unless a second qualifying event occurs which extends the child's coverage. COBRA coverage is subject to all other terms and limitations of this plan.

Keep The Group Informed Of Address Changes

In order to protect your rights under COBRA, you should keep the Plan Administrator informed of any address changes. It is a good idea to keep a copy, for your records, of any notices you send to the Plan Administrator.

When COBRA Coverage Ends

COBRA coverage will end on the last day for which premiums have been paid in the monthly period in which the first of the following occurs:

- The applicable continuation period expires.
- The next monthly subscription charge isn't paid when due or within the 30-day COBRA grace period.
- When coverage is extended from 18 to 29 months due to disability (see "Qualifying Events and Lengths Of Coverage" in this section), COBRA coverage beyond 18 months ends if there's a final determination that a qualified member is no longer disabled under the Social Security Act. However, coverage won't end on the date shown above, but on the last day for which premiums have been paid in the first month that begins more than 30 days after the date of the determination. The subscriber or affected dependent must provide the Group with a copy of the Social Security Administration's determination within 30 days after the **later** of: 1) the date of the determination, or 2) the date on which the subscriber or affected dependent was informed that this notice should be provided and given procedures to follow.
- You become covered under another group health care plan after the date you elect COBRA coverage.
- You become entitled to Medicare after the date you elect COBRA coverage.
- The Group ceases to offer group health care coverage to any academic student employee.

However, even if one of the events above hasn't occurred, COBRA coverage **under this plan** will end on the date that the contract between the Group and us is terminated.

When COBRA coverage under this plan ends, you may also be eligible to apply for one of our individual plans as explained in "Converting To A Nongroup Plan" later in this section.

If You Have Questions

Questions about your plan or your rights under COBRA should be addressed to the plan contacts provided by the Group. For more information about your rights under federal laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA Website at www.dol.gov/ebsa. Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's Website.

Converting to a Nongroup Plan

You may be entitled to coverage under one of an Individual plans when your coverage under this plan ends. Individual plans differ from this plan. You pay the monthly payment. You must apply and send the first subscription charge payment to us within 31 days of the date your coverage ends under this plan or you were first notified that your coverage had ended under this plan, whichever is later.

You can apply for an Individual plan if you live in Washington State and you're not eligible for Medicare coverage

For more information about Individual plans, contact your employer or our customer service department.

Note: The rates, coverage and eligibility requirements of Individual plans differ from those of your current group plan. In addition, enrollment in an individual plan may limit your ability to later purchase an individual plan.

OTHER PLAN INFORMATION

This section tells you about how your Group's contract with us and this plan are administered. It also includes information about federal and state requirements we must follow and other information we must provide to you. If you have any questions about your plan or want to request additional information or forms please call customer services or go to students.lifewiseac.com. Information about your plan is provided to you free of charge.

Benefit Modification

From time to time, we may change the terms of this contract. You will receive prior written notice of any changes, and 30 days prior written notice of changes to premiums. See ***Notice***.

If the terms of this contract change, those changes will not affect benefits to a member during confinement in a facility. Benefit changes will take effect when you leave the facility, or from any other facility you are transferred to, as long as you are still covered under this plan.

No producer or agent of LifeWise or any other person, is authorized to make any changes, additions, or deletions to this contract or to waive any provision of this contract. Changes, alterations, additions, or exclusions can only be done with the signature of an officer of LifeWise.

Benefits Not Transferable

No person other than you is entitled to receive the benefits of this contract. Such right to these benefits is not transferable. Fraudulent use of such benefits will result in cancellation of your eligibility under this contract and appropriate legal action.

Conformity with the Law

This Contract is issued and delivered in the State of Washington and is governed by the laws of the State of Washington, except to the extent pre-empted by federal law. If any provision of the Contract or any amendment thereto is deemed to be in conflict with applicable state or federal laws or regulations, upon discovery of such conflict the Contract will be administered in conformance with the requirements of such laws and regulations as of their effective date.

Entire Contract

The entire contract between the University of Washington and us consists of all of the following:

- The policy (the contract between the policyholder and us)
- The application (the policyholder's application to us)
- This booklet(s) (also referred to as the plan)
- All attachments, endorsements, and riders included or issued hereafter

No representative of LifeWise or any other entity is authorized to make any changes, additions or deletions to the Contract or to waive any provision of this plan. Changes, alterations, additions or exclusions can only be done over the signature of an officer of LifeWise.

If there is a language conflict in the contract, the benefit booklet (as amended by any attachments, endorsements or riders) will govern.

Evidence of Medical Necessity

We have the right to require proof of medical necessity for any services or supplies you receive before we provide benefits under this plan. This proof may be submitted by you, or on your behalf by your healthcare providers. No benefits will be available if the proof isn't provided or acceptable to us.

ID Card

If you lose your card, or if it gets destroyed, you can get a new one by calling our customer service or by visiting our website at students.lifewiseac.com. If coverage under the contract terminates, your ID card will no longer be valid.

The University of Washington and You

The University of Washington is your representative for all purposes under this plan and not the representative of LifeWise. Any action taken by the University of Washington will be binding on you.

When you get care outside Washington

LifeWise members have access to a nationwide network of providers when outside the service area. Dependents that are outside the service area (such as a student attending school) can also access these providers. When you seek care from these providers, covered services are provided at the preferred provider benefit level. These providers will not charge you for amounts over our maximum allowable amount, and they will submit claims directly to us.

Providers who are located outside Washington State and are not contracted with the nationwide network are paid at the non-preferred (out-of-network) benefit level. The only exceptions are:
• Treatment of a medical emergency (see ***Definitions***)

• Treatment of an accidental injury, limited to services received on the day of or within two days following the date of the accidental injury

When you receive services from providers located outside Washington State, the provider may bill you for charges above the allowed amount if the provider is not contracted. See ***Balance Billing Protection*** for more information.

LifeWise has contracting agreements with a network of providers outside of the service area for this plan. Services from these providers will be paid at the preferred (in-network) benefit level. These providers will also not bill you for any amounts over our allowable charge.

To verify that an individual provider, office location or provider group is a preferred provider before obtaining services, please contact us at the number listed on the back cover. You can also locate the nearest provider in the network by visiting our website at students.lifewiseac.com/uw/gaip.

Health Care Providers - Independent Contractors

All health care providers who provide services and supplies to a member do so as independent contractors. None of the provisions of this contract are intended to create, nor shall they be deemed or construed to create, any employment or agency relationship between us and the provider of service other than that of independent contractors.

Intentionally False or Misleading Statements

If this plan's benefits are paid in error due to a member's or provider's commission of fraud or providing any intentionally false or misleading statements, we'll be entitled to recover these amounts. See ***Right of Recovery***.

And, if a member commits fraud or makes any intentionally false or misleading statements on any application or enrollment form that affects the member's acceptability for coverage, we may, at our option:

- Deny the member's claim
- Reduce the amount of benefits provided for the member's claim
- Void the member's coverage under this plan (void means to cancel coverage back to its effective date, as if it had never existed at all)

Finally, statements that are fraudulent, intentionally false or misleading on any group form required by us, that affect the acceptability of the Group or the risks to be assumed by us, may cause the Group Contract for this plan to be voided.

Note: We cannot void your coverage based on a misrepresentation you made unless you have performed an act or practice that constitutes fraud; or made an intentional misrepresentation of material fact that affects your acceptability for coverage

Limitations of Liability

We are not legally responsible for any of the following:

- Epidemics, disasters, or other situations that prevent members from getting the care they need
- The quality of services or supplies that members get from providers, or the amounts charged by providers
- Providing any type of hospital, medical, dental, vision, or similar care
- Harm that comes to a member while in a provider's care
- Amounts in excess of the actual cost of services and supplies
- Amounts in excess of this plan's maximums. This includes recovery under any claim of breach
- General or special damages including, without limitation, alleged pain, suffering, mental anguish or consequential damages

Member Cooperation

You're under a duty to cooperate with us in a timely and appropriate manner in our administration of benefits. You're also under a duty to cooperate with us in the event of a lawsuit.

Newborn's and Mother's Health Protection Act

Group health plans and health insurance issuers generally may not, under federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, group health plans and health insurance issuers may not, under federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of the 48 hours (or 96 hours).

Nonwaiver

No delay or failure when exercising or enforcing any right under this contract shall constitute a waiver or relinquishment of that right and no waiver or any default under this contract shall constitute or operate as a waiver of any subsequent default. No waiver of any provision of this contract shall be deemed to have been made unless and until such waiver has been reduced to writing and signed by the party waiving the provision.

Notice

Any notice we're required to submit to the Group or subscriber will be considered to be delivered if it's mailed or emailed to the Group or subscriber at the most recent address appearing on our records. We'll use the date of postmark or email in determining the date of our notification. If you or your Group are required to submit notice to us, it will be considered delivered 3 days after the postmark date, or if not postmarked, the date we receive it.

Notice of Information Use and Disclosure

We may collect, use, or disclose certain information about you. This protected personal information (PPI) may include health information, or personal data such as your address, telephone number or Social Security number. We may receive this information from, or release it to, healthcare providers, insurance companies, or other sources.

This information is collected, used or disclosed for conducting routine business operations such as:

- Determining your eligibility for benefits and paying claims. (Genetic information is not collected or used for underwriting or enrollment purposes.)
- Coordinating benefits with other healthcare plans
- Conducting care management, case management, or quality reviews
- Fulfilling other legal obligations that are specified under the Group contract

This information may also be collected, used or disclosed as required or permitted by law.

To safeguard your privacy, we take care to ensure that your information remains confidential by having a company confidentiality policy and by requiring all employees to sign it.

If a disclosure of PPI isn't related to a routine business function, we remove anything that could be used to easily identify you or we obtain your prior written authorization.

You have the right to request inspection and /or amendment of records retained by us that contain your PPI. Please contact customer service and ask a representative to mail a request form to you.

Notice of Other Coverage

As a condition of receiving benefits under this plan, you must notify us of:

- Any legal action or claim against another party for a condition or injury for which we provide benefits; and the name and address of that party's insurance carrier
- The name and address of any insurance carrier that provides:
- Personal injury protection (PIP)
- Underinsured motorist coverage
- Uninsured motorist coverage
- Any other insurance under which you are or may be entitled to recover compensation
- The name of any other group or individual insurance plans that cover you.

Rights of Assignment

Notwithstanding any other provision in this contract, and subject to any limitations of state or federal law, in the event that we merge or consolidate with another corporation or entity, or do business with another entity under another name, or transfer this contract to another corporation or entity, this contract shall remain in full force and effect, and bind the subscriber and the successor corporation or other entity.

We agree to guarantee that all transferred obligations will be performed by the successor corporation or entity according to the terms and conditions of this contract. In consideration for this guarantee, the subscriber consents to the transfer of this contract to such corporation or entity.

Right of Recovery

We have the right to recover amounts we paid that exceed the amount for which we are liable. Such amounts may be recovered from the subscriber or any other payee, including a provider. Or, such amounts may be deducted from future benefits of the subscriber or any of their dependents (even if the original payment was not made on that member's behalf) when the future benefits would otherwise have been paid directly to the subscriber or to a provider that does not have a contract with us.

In addition, if this contract is voided as described in ***Intentionally False or Misleading Statements***, we have the right to recover the amount of any claims we paid under this plan and any administrative costs we incurred to pay those claims.

Right to and Payment of Benefits

Benefits of this plan are available only to members. Except as required by law, we won't honor any attempted assignment, garnishment or attachment of any right of this plan. In addition, members may not assign a payee for claims, payments or any other rights of this plan.

At our option only and in accordance with the law, we may pay the benefits of this plan to:

- The subscriber
- A provider
- Another health insurance carrier
- The member
- Another party legally entitled under federal or state medical child support laws
- Jointly to any of the above

Payment to any of the above satisfies our obligation as to payment of benefits.

Severability

Invalidation of any term or provision herein by judgment or court order shall not affect any other provisions, which shall remain in full force and effect.

Venue

All suits or legal proceedings brought against us by you or anyone claiming any right under this plan must be filed:

- Within 3 years of the date we denied, in writing, the rights or benefits claimed under this plan, or of the completion date of the independent review process if applicable
- In the state of Washington or the state where you reside or are employed

All suits or legal or arbitration proceedings brought by us will be filed within the appropriate statutory period of limitation, and you agree that venue, at our option, will be in King County, the state of Washington.

Women's Health and Cancer Rights Act of 1998

Your plan, as required by the Women's Health and Cancer Rights Act of 1998 (WHCRA), provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedemas. See ***Covered Services***.

DEFINITIONS

The information here will help you understand what these words mean. We have the responsibility and authority to use our expertise and judgment to reasonably construe the terms of this contract as they apply to specific eligibility and claims determinations. For example, we use the medical judgment and expertise of Medical Directors to determine whether claims for benefits meet the definitions below of ***Medically Necessary and Medical Necessity*** or ***Experimental/Investigative Services.*** We also have medical experts who determine whether care is custodial care or skilled care and reasonably interpret the level of care covered for your medical condition. This does not prevent you from exercising your rights you may have under applicable law to appeal, have independent review or bring a civil challenge to any eligibility or claims determinations.

Accidental Injury

Physical harm caused by a sudden, unexpected event at a certain time and place.

Accidental injury does not mean any of the following:

- An illness, except for infection of a cut or wound
- Dental injuries caused by biting or chewing
- Over-exertion or muscle strains

Adverse Benefit Determination

An adverse benefit determination means a decision to deny, reduce, terminate or a failure to provide or to make payment, in whole or in part for services. This includes:

- A member's or applicant's eligibility to be or stay enrolled in this plan or health insurance coverage
- A limitation on otherwise covered benefits
- A clinical review decision
- A decision that a service is experimental, investigative, not medically necessary or appropriate, or not effective
- A decision related to compliance with protections against balance billing as defined by federal and state law

Affordable Care Act

The Patient Protection and Affordable Care Act of 2010 (Public Law 111-148) as amended by the Health Care and Education Reconciliation Act of 2010 (Public Law 111-152).

Ambulatory Surgical Center

A healthcare facility where people get surgery without staying overnight. An ambulatory surgical facility must be licensed or certified by the state it is in. It also must meet all of these criteria:

- It has an organized staff of doctors
- It is a permanent facility that is equipped and run mainly for doing surgical procedures
- It does not provide Inpatient services or rooms

Applied Behavioral Analysis (ABA)
The design, implementation and evaluation of environmental modifications, using behavioral stimuli and consequences, including direct observation, measurement and functional analysis of the relationship between environment and behavior to produce socially significant improvement in human behavior or to prevent the loss of an attained skill or function.

Autism Spectrum Disorders
Pervasive developmental disorders or a group of conditions having substantially the same characteristics as pervasive developmental disorders, as defined in the current Diagnostic and Statistical Manual (DSM) published by the American Psychiatric Association, as amended or reissued from time to time.

Benefit
What this plan provides for a covered service. The benefits you get are subject to this plan's cost shares.

Benefit Booklet

Benefit booklet describes the benefits, limitations, exclusions, eligibility and other coverage provisions included in this plan and is part of the entire contract.

Claim

A request for payment from us according to the terms of this plan.

Clinical Trials

An approved clinical trial means a scientific study using human subjects designed to test and improve prevention, diagnosis, treatment, or palliative care of cancer, or the safety and effectiveness of a drug, device, or procedure used in the prevention, diagnosis, treatment, or palliative care, if the study is approved by one of the following:

- An institutional review board that complies with federal standards for protecting human research subjects; and
- The United States Department of Health and Human Services, National Institutes of Health, or its institutes or centers
- The United States Food and Drug Administration (FDA)
- The United States Department of Defense
- The United States Department of Veterans' Affairs
- A nongovernmental research entity abiding by current National Institute of Health guidelines

Coinsurance

The amount you pay for covered services after you meet your deductible. Coinsurance is always a percentage of the allowed amount. Coinsurance amounts are listed in the ***Summary of Your Costs***.

Congenital Anomaly

A marked difference from the normal structure of an infant's body part that's present from birth.

Copay

A copay is a set dollar amount you must pay your provider. You pay a copay at the time you get care.

Cosmetic Services

Services that are performed to reshape normal structures of the body in order to improve or alter your appearance and not primarily to restore an impaired function of the body.

Cost Share

The part of healthcare costs that you have to pay. These are deductibles, coinsurance, and copayments.

Covered Service

A service, supply or drug that is eligible for benefits under the terms of this Plan.

Custodial Care

Any part of a service, procedure, or supply that is provided primarily:

- For ongoing maintenance of the member's health and not for it its therapeutic value in the treatment of an illness or injury
- To assist the member in meeting the activities of daily living. Examples are help in walking, bathing, dressing, eating, preparation of special diets, and supervision over self-administration of medication not requiring constant attention of trained medical personnel.

Deductible

The amount of the allowed amounts incurred for covered services for which you are responsible before we provide benefits. Amounts in excess of the allowed amount do not accrue toward the deductible.

Dependent

The subscriber's spouse or domestic partner and any children who are on this plan.

Detoxification

Active medical management of medical conditions due to substance intoxication or substance withdrawal. Active medical management means repeated physical examination appropriate to the substance taken, repeated vital sign monitoring,

and use of medication to manage intoxication or withdrawal. Observation without active medical management, or any service that is claimed to be detoxification but does not include active medical management, is not detoxification.

Doctor (also called "Physician")

A state-licensed:

- Doctor of Medicine and Surgery (MD)
- Doctor of Osteopathy (DO)

Effective Date

The date your coverage under this plan begins.

Emergency Medical Condition

A medical condition, mental health, or substance use disorder condition which manifests itself by acute symptoms of sufficient severity, including, but not limited to, severe pain or emotional distress, such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate attention to result in 1) placing the health of the individual (or with respect to a pregnant member, the member's health or the unborn child) in serious jeopardy; 2) serious impairment to bodily functions; or 3) serious dysfunction of any bodily organ or part.

Examples of an emergency medical condition are severe pain, suspected heart attacks and fractures. Examples of a non-emergency medical condition are minor cuts and scrapes.

Emergency Services

- A medical screening examination to evaluate an emergency that is within the capability of the emergency department of a hospital, including ancillary services given in an emergency department. Emergency services are also provided by a behavioral health emergency service provider, including a crisis stabilization unit, triage facility, mobile, rapid response crisis team, and an agency certified by the Department of Health
- Examination and treatment as required to stabilize a patient to the extent the examination and treatment are within the capability of the staff and facilities available at a hospital. Stabilize means to provide medical, mental health, or substance use disorder treatment necessary to ensure that, within reasonable medical probability, no material deterioration of an emergency medical condition is likely to occur during or to result from the transfer of the patient from a facility; and for a pregnant member in active labor, to perform the delivery.
- Ambulance transport, as needed, in support of the services above.

Endorsement

A document that is attached to and made a part of this contract. An endorsement changes the terms of the contract.

Essential Health Benefits

Benefits defined by the Secretary of Health and Human Services that shall include at least the following general categories: ambulatory patient services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services, including behavioral health treatment, prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management and pediatric services, including oral and vision care. The designation of benefits as essential shall be consistent with the requirements and limitations set forth under the Affordable Care Act and applicable regulations as determined by the Secretary of Health and Human Services.

Experimental/Investigative Services

A treatment, procedure, equipment, drug, drug usage, medical device or supply that meets one or more of the following criteria:

- A drug or device which cannot be lawfully marketed without the approval of the US Food and Drug Administration and does not have approval on the date the service is provided
- It is subject to oversight by an Institutional Review Board
- There is no reliable evidence showing that the service is effective in clinical diagnosis, evaluation, management or treatment of the condition
- It is the subject of ongoing clinical trials to determine its maximum tolerated dose, toxicity, safety or efficacy
- Evaluation of reliable evidence shows that more research is necessary before the service can be classified as equally or more effective than conventional therapies

Reliable evidence means only published reports and articles in authoritative medical and scientific literature, and assessments.

Explanation of Benefits
An explanation of benefits is a statement that shows what you will owe and what we will pay for healthcare services received. It's not a bill.

Facility (Medical Facility)

A hospital, skilled nursing facility, approved treatment facility for substance use disorder, state-approved institution for treatment of mental or psychiatric conditions, or hospice. Not all health care facilities are covered under this contract.

Group

The entity which sponsors this large group employer health plan, and has signed the group contract. A large employer is one that had an average of at least 51 common law employees on its normal work days in the preceding calendar year. It must also have at least 51 common law employees on the first day of the current contract term.

Health Care Benefit Managers

Health Care Benefit Managers (HCBM): A person or entity that specializes in managing certain services for a health carrier or employee benefits programs. An HCBM may also make determinations for utilization of benefits and prior authorization for health care services, drugs, and supplies. These include pharmacy, radiology, laboratory, and mental health benefit managers.

Home Medical Equipment (HME)

Equipment ordered by a healthcare provider for everyday or extended use to treat an illness or injury. HME may include: oxygen equipment, wheelchairs or crutches. This is also sometimes known as "Durable Medical Equipment" or "DME."

Home Health Agency

An organization that provides covered home health services to a member.

Hospice

A facility or program designed to provide a caring environment for supplying the physical and emotional needs of the terminally ill. Care is focused on comfort and not intended to cure or improve the medical or functional outcome of a patient's condition or to prepare the patient for outpatient care settings.

Hospital

A healthcare facility that meets all of these criteria:

- It operates legally as a hospital in the state where it is located
- It has facilities for the diagnosis, treatment and acute care of injured and ill persons as inpatients
- It has a staff of providers that provides or supervises the care
- It has 24-hour nursing services provided by or supervised by registered nurses

A facility is not considered a hospital if it operates mainly for any of the purposes below:

- As a rest home, nursing home, or convalescent home
- As a residential treatment center or health resort
- To provide hospice care for terminally ill patients
- To care for the elderly
- To treat substance use disorder or tuberculosis

Illness

A sickness, disease, medical condition.

Injury

Physical harm caused by a sudden event at a specific time and place. It is independent of illness, except for infection of a cut or wound.

Inpatient

Confined in a medical facility or as an overnight bed patient.

Lifetime Maximum

The maximum amount that LifeWise Assurance Company will provide during your lifetime.

Long-term Care Facility

A nursing facility licensed under chapter 18.51 RCW, continuing care retirement community defined under RCW 70.38.023, or assisted living facility licensed under chapter 18.20 RCW.

Maternity Care
Health services you get during pregnancy (before, during, and after birth) or for any condition caused by pregnancy. This includes the entire time you are pregnant and up to 45 days after birth.

Medical Equipment
Mechanical equipment that can stand repeated use and is used in connection with the direct treatment of an illness or injury.

Medically Necessary and Medical Necessity

Services a provider, exercising prudent clinical judgment, would use with a patient to prevent, evaluate, diagnose or treat an illness or injury or its symptoms. These services must:

- Agree with generally accepted standards of medical practice
- Be clinically appropriate in type, frequency, extent, site and duration., They must also be considered effective for the patient's illness, injury or disease
- Not be mostly for the convenience of the patient, physician, or other healthcare provider. They do not cost more than another service or series of services that are at least as likely to produce equivalent therapeutic or diagnostic results for the diagnosis or treatment of that patient's illness, injury or disease.

For these purposes, "generally accepted standards of medical practice" means standards that are based on credible scientific evidence published in peer reviewed medical literature. This published evidence is recognized by the relevant medical community, physician specialty society recommendations and the views of physicians practicing in relevant clinical areas and any other relevant factors.

Member (also called "You" or "Your")
A person covered under this plan as a subscriber or dependent.

Mental Health Conditions

A condition that is listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM). This does not include conditions and treatments for substance use disorder.

Non-Contracted Provider

A provider that does not have a contract with us or with any of the other networks used by this plan.

Non-Participating Provider

A provider that is not in one of the provider networks stated in ***How Providers Affect Your Costs*** or does not have a contract with us.

Observation

Monitoring and evaluation at a Hospital or other in order to determine whether an inpatient stay is required.

Orthodontia

The branch of dentistry which specializes in tooth arrangement problems, including poor relationships between the upper and lower teeth (malocclusion).

Orthotic

A support or brace applied to an existing portion of the body for weak or ineffective joints or muscles, to aid, restore or improve function.

Outpatient

Treatment received in a setting other than as inpatient in a medical facility.

Outpatient Surgical Center

A facility that's licensed or certified as required by the state it operates in and that meets all of the following:

- It has an organized staff of physicians.
- It has permanent facilities that are equipped and operated primarily for the purpose of performing surgical procedures.
- It doesn't provide inpatient services or accommodations.

Pharmacy Benefit Manager

An entity that contracts with us to administer the ***Prescription Drugs*** benefit under this plan.

Plan

The benefits, terms, and limitations stated in this contract between us and the University of Washington.

Plan Administrator

LifeWise Assurance Company (LifeWise)

Plan Year (Year)

A 12-month period beginning and ending on the effective dates of the plan.

Prescription Drugs

Any medical substance, including biological products, the label of which, under the Federal Food, Drug and Cosmetic Act, as amended, is required to bear the legend: "Caution: Federal law prohibits dispensing without a prescription." Benefits available under this plan will be provided for "off-label" use, including administration, of prescription drugs for treatment of a covered condition when use of the drug is recognized as effective for treatment of such condition by:

One of the following standard reference compendia:

- The American Hospital Formulary Service-Drug Information
- The American Medical Association Drug Evaluation
- The United States Pharmacopoeia-Drug Information
- Other authoritative compendia as identified from time to time by the Federal Secretary of Health and Human Services or the Insurance Commissioner

If not recognized by one of the standard reference compendia cited above, then recognized by the majority of relevant, peer-reviewed medical literature (original manuscripts of scientific studies published in medical or scientific journals after critical review for scientific accuracy, validity and reliability by independent, unbiased experts)

"Off-label use" means the prescribed use of a drug that's other than that stated in its FDA-approved labeling. Benefits aren't available for any drug when the US Food and Drug Administration (FDA) has determined its use to be contra-indicated, or for experimental or investigational drugs not otherwise approved for any indication by the FDA.

Prior Authorization
Prior authorization is a process that requires you or a provider to follow to determine if a service is a covered service and meets the requirements for medical necessity, clinical appropriateness, level of care or effectiveness. You must ask for prior authorization before the service is delivered. See ***Prior Authorization*** for details.

Provider

A person who is in a provider category regulated under Title 18 or Chapter 70.127 RCW to practice health care-related services consistent with state law. Such persons are considered health care providers only to the extent required by RCW 48.43.045 and only to the extent services are covered by the provisions of this plan. Also included is an employee or agent of such a person, acting in the course of and within the scope of their employment.

Providers also include certain health care facilities and other providers of health care services and supplies, as specifically indicated in the provider category listing below. Health care facilities that are owned and operated by a political subdivision or instrumentality of the State of Washington and other such facilities are included as required by state and federal law.

Covered categories of providers regulated under Title 18 and Chapter 70.127 RCW, will include the following, provided that the services they furnish are consistent with state law and the conditions of coverage described elsewhere in this plan are met:

The providers are:

- Acupuncturists (LAc) (In Washington also called "East Asian Medicine Practitioners" (EAMP))
- Audiologists
- Chiropractors (DC)

- Counselors
- Dental Hygienists (under the supervision of a DDS or DMD)
- Dentists (DDS or DMD)
- Denturists
- Dietitians and Nutritionists (D or CD, or CN)
- Gynecologists
- Home Health Care, Hospice and Home Care Agencies
- Marriage and Family Therapists
- Massage Practitioners (LMP)
- Midwives
- Naturopathic Physicians (ND)
- Nurses (RN, LPN, ARNP, or NP)
- Nursing Homes
- Obstetricians
- Occupational Therapists (OTA)
- Ocularists
- Opticians (Dispensing)
- Optometrists (OD)
- Osteopathic Physician Assistants (OPA) (under the supervision of a DO)
- Osteopathic Physicians (DO)
- Pharmacists (R.Ph.)
- Physical Therapists (LPT)
- Physician Assistants (PA) (under the supervision of an MD)
- Physicians (MD)
- Podiatric Physicians (DPM)
- Psychologists (PhD)
- Radiologic Technologists (CRT, CRTT, CRDT, CNMT)
- Respiratory Care Practitioners
- Social Workers
- Speech-Language Pathologists

The following healthcare facilities and other providers will also be considered providers for the purposes of this plan when they meet the requirements above.

- Ambulance Companies
- Ambulatory Diagnostic, Treatment and Surgical Facilities
- Audiologists (CCC-A or CCC-MSPA)
- Birthing Centers
- Blood Banks
- Board Certified Behavior Analyst (BCBA), certified by the Behavior Analyst Certification Board, and state-licensed in states that have specific licensure for behavior analysts
- Community Mental Health Centers
- Drug and Alcohol Treatment Facilities
- Medical Equipment Suppliers
- Hospitals
- Kidney Disease Treatment Centers (Medicare-certified)
- Psychiatric Hospitals
- Speech Therapists (Certified by the American Speech, Language and Hearing Association)

In states other than Washington, "provider" means healthcare practitioners and facilities that are licensed or certified consistent with the laws and regulations of the state in which they operate.

This plan makes use of provider networks as explained in ***How Providers Affect Your Costs***.

Psychiatric Condition

A condition that is listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM). This does not include conditions and treatment for substance use disorder.

Reconstructive Surgery

Is surgery:

- That restores features damaged as a result of injury or illness
- To correct a congenital deformity or anomaly.

Rehabilitation Therapy

Rehabilitation therapy or devices are medical services or devices provided when medically necessary for restoration of bodily or cognitive functions lost due to a medical condition.

Rehabilitation therapy includes physical therapy, occupational therapy, and speech-language therapy when provided by a state-licensed or state-certified provider acting within the scope of their license. Therapy performed to maintain a current level of functioning without documentation of significant improvement is considered maintenance therapy and is not a rehabilitative service. Rehabilitative devices may be limited to those that have FDA approval and are prescribed by a qualified provider.

Service Area

The service area for this plan is the states of Washington, Oregon and Alaska.

Services

Procedures, surgeries, consultations, advice, diagnosis, referrals, treatment, supplies, drugs, devices, technologies or places of service.

Skilled Nursing Care

Medical care ordered by a physician and requiring the knowledge and training of a licensed registered nurse.

Skilled Nursing Facility

A medical facility licensed by the state to provide nursing services that require the direction of a physician and nursing supervised by a registered nurse, and that is approved by Medicare or would qualify for Medicare approval if so requested.

Sound Natural Tooth

A tooth that:

- Is organic and formed by the natural development of the body (not manufactured)
- Has not been extensively restored
- Has not become extensively decayed or involved in periodontal disease
- Is not more susceptible to injury than a whole natural tooth

Specialist

A provider who focuses on a specific area of medicine or a group of patients to diagnose, manage, prevent or treat certain types of symptoms and conditions.

Spouse

- An individual who is legally married to the subscriber
- An individual who is a domestic partner of the subscriber

Subscriber

The person in whose name the plan is issued.

Substance Use Disorder Conditions

Substance-related disorders included in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders published by the American Psychiatric Association. Substance use disorder is an addictive relationship with any drug or alcohol characterized by a physical or psychological relationship, or both, that interferes on a recurring basis with an individual's social, psychological, or physical adjustment to common problems. Substance use disorder does not include addiction to or dependency on tobacco, tobacco products, or foods.

Urgent Care

Treatment of unscheduled, drop-in patients who have minor illnesses and injuries. These illnesses or injuries need treatment right away but they are not life-threatening. Examples are high fevers, minor sprains and cuts, and ear, nose and throat infections. Urgent care is provided at a medical facility that is open to the public and has extended hours.

Virtual Care

Healthcare services provided through the use of online technology, telephonic and secure messaging of member initiated care from a remote location (e.g. home) or an originating site with a provider that is diagnostic and treatment focused.

Originating site: Hospital, rural health clinic, federally qualified health center, physician’s or other health care provider office, community mental health center, skilled nursing facility, home, or renal dialysis center, except an independent renal dialysis center.

Visit

A visit is one session of consultation, diagnosis, or treatment with a provider. We count multiple visits with the same provider on the same day as one visit. Two or more visits on the same date with different providers count as separate visits.
