

# Washington Network Closure Matrix

In Washington, many counties are closed to accepting new providers for chiropractic care and physical therapy. All counties are closed to accepting new providers for Durable Medical Equipment (DME) and Laboratory. This matrix (**updated as of January 19, 2024**) is intended to help providers identify whether their county is open to contracting for the service they provide.

Providers may be added to an existing contracted tax identification number (TIN) for closed counties. They will not be offered a contract if they leave that TIN and request a new or solo contract.

**Note:** This matrix is reviewed quarterly. If a network status changes from open to closed, acceptance is based on the provider's completed application received date.

## County and Service Matrix

WA Counties	Chiropractic	Physical Therapy	Durable Medical Equipment (DME)	Laboratory
Adams	Closed	Closed	Closed	Closed
